EN

The Universe has its rules. The task of design is to recognise them and reiterate them, ensuring that the lines and volumes traced by human hands are the ideal fulfilment of nature's geometries. This is also our approach to outdoor furnishings. A selection of objects that are extraordinary for their versatility, compositional harmony, and quality of materials, which are inserted in public and private open spaces with respect and courage. Designer items that, in contact with the outdoor environment, become living organisms, nodes in a complex ecosystem and yet in perfect balance.

IT

L'universo ha i suoi canoni. Compito del design è riconoscerli e assecondarli, facendo sì che le linee e i volumi tracciati dalla mano dell'uomo siano l'ideale compimento delle geometrie della natura. Questo è anche il nostro approccio all'arredo outdoor. Una selezione di oggetti straordinari per versatilità, armonia compositiva e qualità dei materiali, che s'inseriscono con rispetto e allo stesso tempo con coraggio negli spazi aperti, pubblici e privati. Pezzi di design che a contatto con l'ambiente esterno si trasformano in organismi viventi, nodi di un ecosistema complesso eppure in perfetto equilibrio.

Wet rubbing: UNI EN ISO 105:X12 / 4/5

Ramiro fabric

Composition:100% PP - TEN STARS YARN Exclusive patented yarn
Height: 138 cm
Weight: 880 gr/mtl
Light fastness: 7 UNI EN ISO 105:B2
Resistance to machine hand washing; sea water: UNI EN ISO 105:E2 / 5
Resistance to chlorinated swimming pool water: UNI EN ISO 105:E3 / 4/5
Pilling: 5 UNI EN ISO 12945-2
Martindale: 50.000 UNI EN ISO 12947-2
Fire resistance: BS 5852 part 1:1979 cigarette test

Delta fabric

Composition: 80% Polypropylene - 20% Polyester
Height: 140 cm
Weight: 814 g/lm
Light fastness: 7/8 UNI EN ISO 105:B2
Pilling: 4/5 UNI EN ISO 12945-2
Martindale: 80.000 UNI EN ISO 12947-2
Fire resistance: BS 5852 part 1:1979 cigarette test
TB117-2013 / Cigarette BS5852.1.1979
100% Recyclable.
100% Non toxic (EU and USA standard).
Anti-allergic.
Resistant to fungus, bacteria, sunlight, humidity, chlorine, food stains and sweat.
Compatible with delicate baby skin.
Eco-friendly (low energy for cleaning, long lasting life cycle, easy to use).

Cement UHPFRC

Composition: Cement
Weight: 2300 kg/mc
Compressive strength: 100 MPA
Bending resistance 13-16 MPA
Freeze and thaw: Irrelevant
Porosity: 10%
Thermal shock: Resistant
Fire resistance: EN 13501-1 / A2-S1-B0
Rock Table: EN 12720 / A / Assessment of surface resistance to cold liquids / 4787488045

Aluminium

EPOXY PAINTED ALUMINIUM:
TGIC-FREE / Stardust Lead Black Powder - Offset
Composition: 100% Polyester
Average thickness: 60 - 90 Micron
Shine 60°: EN ISO 2813 / 10/15 Gloss
Saline mist: EN ISO 9227 / <4 mm - 1000 Hours
Water-and boiling-resistance: EN 12206 / No Defect
Erichsen Padding: EN ISO 1520 / >5 mm
Buchholz durometer: EN ISO 2815 / >80
Shock resistance: EN ISO 6272 / No damage at 2,5 nm
Bending: EN ISO 1519 / No damage with D. 5mm

Porcelanised grès

Composition: Porcelain gres
Weight: 6 Mm Kg/Mq
Bending strength: ISO 10545-4 / 50-53 MPA
Freeze resistance: UNI EN ISO 10545.12 / Resistant
Abrasion resistance: UNI EN ISO 10545.6 / ≤ 142 Mm³
Thermal shock: UNI EN ISO 10545.9 / Resistant
Chemical resistance: UNI EN ISO 10545.13 / Resistant
Fire resistance: 96/603/CE /A1

Reconstructed stone

Pietra Serena: EN 12720 / B / Assessment of surface resistance to cold liquids / 4787363370
Pietra: ISO 9227 / No Defect / Saline mist ISO 9227 1000H

Steel

INOX 316 POWDER COATED: TGIC-FREE / Arpa structure
Composition: 100% Polyestere
Average thickness: 60 - 90 Micron
Shine 60°: EN ISO 2813 / 6/9 Gloss
Saline mist: EN ISO 9227 / 500 h without Film Detachment
Water-and boiling-resistance: EN 12206 / No Defect
Erichsen Padding: EN ISO 1520 / 7 Mm
Shock resistance: EN ISO 6272 / No damage at 2,5 nm
Bending: EN ISO 1519 / No damage with d. 6 mm

Plastics

Material: Polyethylene
Density: 0,934 G/cm3
Tensile Yield Strength: ASTM D 638 / 18 MPA
Flexural modulus: ASTM D 790 / 550 MPA
Hardness: Shore / 57
Fire resistance: Upon request

Lexan: Flow
Material: Lexan Resin 103r
Density: 1,2 G/Cm3

2021

2024

2025

EN For mdf italia, environmental responsibility is a tangible commitment that translates into conscious choices throughout the entire product life cycle. We work to reduce environmental impact by collaborating with selected partners and adopting criteria of transparency and traceability of materials. mdf italia is certified according to the ISO 14001 standard, which recognises the company's ability to manage the environmental impacts of its activities and production chain through a Life Cycle Thinking approach. Furthermore, the company has obtained FSC® C218529 certification, issued by the international organisation that promotes environmentally appropriate, socially beneficial, and economically sustainable management of the world's forests.

IT Per mdf italia, la responsabilità ambientale è un impegno concreto che si traduce in scelte consapevoli lungo tutto il ciclo di vita del prodotto. Lavoriamo per ridurre l'impatto ambientale collaborando con partner selezionati e adottando criteri di trasparenza e tracciabilità dei materiali. mdf italia è certificata secondo lo standard ISO 14001, che attesta la capacità di gestire gli impatti ambientali delle proprie attività e della filiera produttiva, secondo un approccio Life Cycle Thinking. Inoltre, l'azienda ha ottenuto la certificazione FSC® C218529, rilasciata dall'omonimo ente internazionale che promuove una gestione delle foreste del mondo ambientalmente adeguata, socialmente utile ed economicamente sostenibile.

Responsible design

EN mdf creates objects that have the ambition to transcend fashion and last over time, a characteristic that leads them to be intrinsically sustainable. Today, this design attitude leads to a series of responsible choices in the field of materials, development and eco-design. In particular, we use wood exclusively from responsibly managed forests, flexible polyurethane of which more than half is made from recycled raw materials, and plastics that are either recycled or obtained from environmentally responsible processes. We design our products so that at the end of their life cycle they can be disassembled, thus facilitating a proper recycling process.

IT mdf italia realizza oggetti che hanno l’ambizione di trascendere le mode e durare nel tempo, una caratteristica che li porta a essere intrinsecamente sostenibili. Oggi, quest’atteggiamento progettuale sfocia in una serie di scelte responsabili nel campo dei materiali, della progettazione e dell’eco-design. In particolare utilizziamo legno proveniente esclusivamente da foreste gestite in modo responsabile, poliuretano flessibile realizzato con più della metà di materia prima riciclata e plastiche riciclate o ottenute da processi rispettosi dell’ambiente. Progettiamo i nostri arredi per far sì che al termine del loro ciclo di vita possano essere disassemblati, facilitando così un adeguato processo di riciclo.

1

EN Stylistic research, refined aesthetics without neglecting comfort and functionality: these are the hallmarks of Arpa collection designed by Ramón Esteve. The name of this iconic collection is inspired by the musical instrument. It is a system that offers infinite possible combinations using different elements - sofas, armchairs, and corner modules. The refined ropes add elegance and delicacy to each element, providing a feeling of lightness, as if the upholstery were floating suspended from its structure. The pouf and coffee table complete the collection.

IT Ricerca stilistica, raffinata estetica senza tralasciare comfort e funzionalità: questi sono i tratti distintivi della collezione Arpa disegnata da Ramón Esteve. L'iconica collezione, che deve il suo nome allo strumento musicale, al quale si ispira, si propone come un vero e proprio sistema che offre la possibilità di creare infinite combinazioni grazie ai diversi elementi a disposizione: divani, poltrone e moduli angolari. Le raffinate corde aggiungono eleganza e delicatezza a ogni elemento della famiglia donando una sensazione di leggerezza, come se l'intero rivestimento gallegiasse sospeso dalla propria struttura. Completano la collezione il pouf e il tavolino.

Array

Designed by Snøhetta

EN Array opens up to outdoor spaces while retaining the same design strength, comfort and versatility of the indoor version. The collection maintains the modular approach that defines the system, with straight and curved elements and poufs designed to create fluid and convivial configurations. Attention to sustainability and to the entire production chain lies at the core of the project: the modules are made from recycled materials and designed to simplify logistics, assembly and disassembly. In residential, contract and public settings, Array naturally adapts to different uses. The wide chromatic range of the upholstery allows the system to interact with a variety of environments and architectural contexts, establishing a dialogue with the surrounding landscape.

IT Array si apre agli spazi esterni mantenendo la stessa forza progettuale, il comfort e la versatilità della versione indoor. La collezione mantiene l'approccio modulare che definisce il sistema, con elementi dritti, curvi e pouf pensati per creare configurazioni fluide e conviviali. L'attenzione alla sostenibilità e all'intera filiera produttiva è al centro del progetto: i moduli sono realizzati con materiali riciclati e progettati per semplificare la logistica, il montaggio e lo smontaggio. In contesti residenziali, contract e spazi pubblici, Array si adatta con naturalezza a diverse modalità d'uso. L'ampia gamma cromatica dei rivestimenti permette al sistema di dialogare con ambienti e architetture differenti, in relazione con il paesaggio circostante.

Rock Table Mini

Cosy Outdoor

Designed by Francesco Rota

← Cosy Outdoor sofa in Delta fabric with 316 stainless steel structure.

→ Detail of the 316 stainless steel structure.

Rock Table Mini

EN Created by Francesco Rota, Cosy is a sofa system with an enveloping design and large, soft cushions. With its curved or linear modules, the outdoor and indoor versions have the same strengths - modularity and freedom of composition that allow for different configurations. The outdoor range's distinguishing feature is its 316 stainless steel structures that support the cushions and provide the collection with personality. The collection is ideal for furnishing outdoor spaces in residential, contract and hospitality settings.

IT Nato dalla mano di Francesco Rota, Cosy è un sistema di divani caratterizzato da un design avvolgente e da grandi e morbide cuscinate. Nella sua evoluzione outdoor si riscontrano gli stessi punti di forza della versione indoor: modularità e la più totale libertà compositiva grazie ai moduli curvi o lineari che consentono di dare vita a diverse configurazioni. Il tratto distintivo della proposta outdoor risiede nelle strutture in acciaio inox 316 che svolgono al contempo una funzione di sostegno alle cuscinate e donano alla collezione un tratto identitario. Ideale per arredare tutti gli spazi all'aria aperta, sia in ambito residenziale sia nei mondi contract e hospitality.

Flow collection

Designed by Jean Marie Massaud

← Flow Filo chair
outdoor finishes.

1

EN Designed by Jean Marie Massaud, the Flow collection has evolved over time, but is still faithful to its distinguishing elegance and lightness. In its outdoor version, the unmistakable silhouette is unchanged but introduces materials and technologies suitable for outdoor environments.

IT Progettata da Jean Marie Massaud, la collezione Flow nel tempo si è evoluta, rimanendo sempre fedele ai principi di eleganza e leggerezza che l'hanno contraddistinta. Nella sua declinazione outdoor, l'inconfondibile silhouette rimane immutata ma introduce materiali e tecnologie adatti agli ambienti esterni.

Tense Outdoor

Le Banc

Designed by Xavier Lust

EN Designed by Xavier Lust, Le Banc combines material and function in a sculptural product. Light and slender, this outdoor bench is made of a single sheet of curved and painted aluminium. Its unmistakable silhouette, determined by its 6-mm thickness, fits casually into public spaces and private homes.

IT Progettata da Xavier Lust, Le Banc unisce materia e funzione in un prodotto dal carattere scultoreo. Icona leggera e sottile, questa panca per outdoor è costituita da un'unica lastra di alluminio curvata e poi verniciata. La sua silhouette inconfondibile, dettata dallo spessore di soli 6mm, si inserisce con disinvoltura in spazi pubblici e residenze private.

← Le Banc in gloss painted red aluminium.

1

M1

Designed by Piergiorgio Cazzaniga

EN Piergiorgio Cazzaniga's M1 chair combines essentiality and informal elegance. Available with a stainless steel or matt white painted base and white plastic shell, this chair is designed for outdoor environments. Extremely flexible and versatile, M1 fits into residential and contract environments. Easily stackable up to 16 units, M1 chairs can be easily stored to save space.

IT Essenzialità ed eleganza informale si fondono in M1, sedia di Piergiorgio Cazzaniga. Disponibile con basamento in acciaio inox oppure verniciato opaco bianco e scocca bianca in plastica, questa seduta costituisce una proposta per ambienti outdoor. Estremamente flessibile e versatile, M1 si integra sia in contesti residenziali che contract. Facilmente impilabili fino a 16 unità, le sedie M1 possono essere riposte con estrema facilità per non occupare spazio.

Neil Twist stool

Neil Twist collection

Designed by Jean Marie Massaud

EN The Neil Twist collection responds to outdoor needs with elegance and lightness, combining iconic design, essentiality and comfort. The load-bearing steel structure is wrapped in an exclusive polyester rope weave, which is the collection's distinctive and identifying feature and consists of chair, armchair and stool. The many colour variants integrate harmoniously into different public or private outdoor areas.

IT La collezione Neil Twist risponde con eleganza e leggerezza alle esigenze outdoor, combinando design iconico, essenzialità e comfort. La struttura portante in acciaio è avvolta da un intreccio esclusivo con corda di poliestere, che costituisce il tratto distintivo e identitario dell'intera collezione, composta da sedia, poltrona e sgabello. Le diverse varianti cromatiche disponibili si integrano in modo armonico in diversi contesti outdoor, pubblici oppure privati.

Sag

Designed by Nendo

EN Sag can be used as a small table or seat and is a dynamic complement that fits naturally into any outdoor setting - gardens, terraces, and dehors. Made of polyurethane and available in white or mud colours, Sag provides an original interpretation of the traditional stool with a dynamic and fluid shape.

IT Sag, utilizzabile come tavolino o seduta, è un complemento dinamico che si inserisce con naturalezza in ogni ambiente outdoor: giardini, terrazze, dehors. Realizzato in poliuretano e disponibile nei colori bianco o fango, Sag reinterpreta con originalità il tradizionale sgabello con una forma dinamica e fluida.

Axy

Designed by Claudio Bellini

EN Lightness and dynamism are the two values underlying Claudio Bellini's Axy table system. A fascinating encounter of different materials - the aluminium supporting frame is accompanied by a thin ceramic top in Pietra di Savoia, black and light grey calce. The design's pivotal point is its frame, which is architecturally essential and gives the table a feeling of lightness. Available in different sizes for outdoor use, it lends itself naturally to various interpretations in residential or contract settings.

IT Leggerezza e dinamicità: questi i due valori alla base del sistema di tavoli Axy di Claudio Bellini. Un suggestivo incontro di materiali diversi: la struttura portante in alluminio è accompagnata da un sottile top in ceramica nelle finiture pietra di Savoia, calce nero e calce grigio chiaro. Punto cardine del progetto è proprio il telaio, che si presenta come un'architettura essenziale, conferendo al tavolo una sensazione di leggerezza. Disponibile in svariate dimensioni per outdoor, si presta con naturalezza a diverse interpretazioni in ambito residenziale oppure contract.

← Axy with light grey calce top and matt painted white structure.

1 Axy Comfort features a top that overlaps the frame.

1

Fossil

Designed by Xavier Lust

EN Halfway between a sculpture and a piece of furniture, Fossil is a coffee table that explores the organic form and textural quality of white concrete. Available in three sizes, Fossil can be used individually or in groups to create different compositions. Its design inspired by matter suggests the natural universe, which is why it finds its perfect place in any outdoor setting.

IT A metà tra una scultura e un complemento d’arredo, Fossil è un tavolino che lavora sulla forma organica e sull’anima materica del cemento bianco. Disponibile in tre diverse dimensioni, Fossil può essere utilizzato singolarmente oppure in gruppo per dare vita a diverse composizioni. Il suo design ispirato alla materia rievoca l’universo naturale, per questo motivo trova la sua perfetta collocazione in qualsiasi ambiente outdoor.

La Grande Table
Designed by Xavier Lust

→ La Grande Table with Le Banc in
matt painted white finish.

Le Banc

← La Grande Table is made from a single curved and painted aluminium sheet.

EN Exceeding the limits of matter by researching production systems that allow the creation of objects with innovative volumes is Xavier Lust's creative approach. La Grande Table bears his signature: a table made from a single sheet of aluminium, curved and painted, just a few millimetres thick. Available in three finishes, La Grande Table reaches a length of 2.4 metres. Essentiality and timeless design allow this table to fit into a wide range of outdoor settings, gardens, terraces and patios, while maintaining its strong identity.

IT Superare i limiti della materia mediante la ricerca di sistemi di produzione che consentono di creare oggetti dai volumi innovativi è l'approccio creativo che contraddistingue i lavori di Xavier Lust. Porta la sua firma La Grande Table, un tavolo realizzato da un unico foglio di alluminio, curvato e verniciato, dallo spessore di pochi millimetri. Disponibile in tre finiture, La Grande Table raggiunge i 2,4 metri di lunghezza. Essenzialità e design senza tempo permettono a questo tavolo di inserirsi nei più svariati contesti outdoor, giardini, terrazze e dehors, mantenendo sempre forte la sua identità.

1 La Grande Table with Le Banc bench designed by Xavier Lust.

1

La Table Basse

Designed by Xavier Lust

EN Like La Grande Table and Le Banc, La Table Basse is a small table that completes the range. It is created using a 6-mm thick curved and painted aluminium sheet. The table's longitudinal and transverse curving, obtained by machining the aluminium sheet, is an integral part of the table's uniqueness. Its contemporary lines and matt white and aluminium finishes make it a suitable piece of furniture for any outdoor living space.

IT Come La Grande Table e Le Banc, anche La Table Basse, tavolino che completa la gamma, è creato con una lastra di alluminio di 6 mm di spessore, curvata e verniciata. Le curvature longitudinali e trasversali del tavolo, ottenute mediante la lavorazione della lastra di alluminio, sono parte integrante dell'identità del tavolino. Le finiture opache bianco e alluminio e il profilo contemporaneo lo rendono un complemento adatto a qualsiasi living all'aperto.

← La Table Basse in the aluminium matt painted finish.

Offset

Designed by Francesco Meda
David Lopez Quincoces

← Offset table with matt painted lead black structure and reconstructed stone sage green top.

Neil Twist collection

EN The Offset table designed by the Meda-Quincoces designers duo finds its poetic ethos in minimalism. Pure material is the defining element of this table system, available in different sizes for outdoor use. The brushed anodised or matt lead black painted aluminium structure supports a top in reconstructed stone in different colours.

IT Il tavolo Offset, disegnato dalla coppia Meda-Quincoces, individua nella riduzione ad minimum la sua poetica. Un sistema di tavoli disponibile in diverse dimensioni per l'outdoor in cui protagonista è la materia pura. La struttura in alluminio anodizzato spazzolato o verniciato opaco nero piombo accoglie un top in pietra ricostruita in diverse varianti cromatiche.

Rock Table Round
Rock Table Square
Rock Table Oval
Rock Table Maxi
Rock Table Mini

Rock Table collection

Designed by Jean Marie Massaud

EN Rock Table is Jean Marie Massaud's iconic collection of concrete tables, defined by a tapered, elegant silhouette, a solid central base and a slender top that appears to float. A range composed of round tables in various heights and sizes to respond to different uses – coffee, dining and high tables - complemented by a square version, an oval version with double base, and Rock Table Maxi, featuring a rectangular top with rounded corners. Finally, Rock Table Mini echoes the lines of the collection, translating them into a more compact version. The natural, anthracite and stone chip cement finishes inspired by the colours of nature blend in harmony with their surroundings.

IT Rock Table è l'iconica collezione di tavoli in cemento di Jean Marie Massaud dalla silhouette affusolata ed elegante, caratterizzata da un solido basamento centrale e da un sottile piano che sembra fluttuare. Una famiglia composta da tavoli rotondi in più altezze e dimensioni per rispondere alle diverse situazioni d'uso – tavolini, tavoli da pranzo e tavoli alti – a cui si aggiungono la variante quadrata, ovale con doppio basamento e Rock Table Maxi, caratterizzato da un top rettangolare con angoli smussati. Rock Table Mini, infine, riprende le linee della collezione traducendole in una versione più compatta. Le finiture in cemento naturale, antracite e in cemento granigliato ispirate ai colori della natura si fondono in armonia con l'ambiente circostante.

S Table

Designed by Xavier Lust

EN Designed by Xavier Lust, S Table stands out for its sculptural base with a distinctive S-shaped twist, expressing the visual tension and dynamic curves typical of the designer's language. A striking presence that enhances any setting through the sense of movement generated by its forms. The white, grey and anthracite cement finishes lend the surfaces a pleasant material quality and a strong tactile and visual impact, creating a harmonious dialogue with the surrounding environment. The transparent and extra-clear glass top adds lightness and depth to the design, highlighting the table's proportions and character.

IT Progettato da Xavier Lust, S Table si distingue per il basamento scultoreo dalla caratteristica torsione a S, che esprime la tensione visiva e le curve dinamiche tipiche del linguaggio del designer. Una presenza scenografica capace di impreziosire ogni ambiente grazie al movimento generato dalle sue forme. Le finiture in cemento bianco, grigio e antracite conferiscono alle superfici una piacevole matericità e un forte impatto tattile e visivo, contribuendo a creare un dialogo armonioso con l'ambiente circostante. Il top in cristallo trasparente ed extra-chiaro aggiunge leggerezza e profondità al disegno, esaltando le proporzioni e il carattere del tavolo.

Tense Outdoor

Designed by Piergiorgio & Michele Cazzaniga

EN Tense Outdoor, designed by Piergiorgio and Michele Cazzaniga, is the result of extensive research into materials best suited for outdoor environments. Fully covered in aluminium sheet, the iconic table from the Tense collection is available in four sizes and two finishes that enhance its formal purity. In the goffered painted version, offered in three different colours, the table takes on a contemporary character, ideal for contract settings. Alternatively, the reconstructed stone finish, with its strong material presence, is particularly suited to elegant environments, both residential and hospitality. Available in different tones, it features visual irregularities and subtle variations that make each table unique.

IT Da una lunga ricerca sui materiali più adatti agli spazi esterni nasce Tense Outdoor, di Piergiorgio e Michele Cazzaniga. Completamente rivestito in lamiera di alluminio, l'iconico tavolo della collezione Tense è disponibile in quattro dimensioni e in due finiture che ne esaltano la purezza formale. Nella versione verniciata goffrata, proposta in tre diverse colorazioni, il tavolo assume un carattere contemporaneo, ideale per contesti contract. In alternativa, la finitura in pietra ricostruita, dalla forte presenza materica, si rivela particolarmente adatta ad ambienti eleganti, sia residenziali sia hospitality. Disponibile in diverse tonalità, presenta irregolarità visive e sfumature che rendono ogni tavolo unico.
