CAIMI BREVETTI

I_ Fondata nel 1949, Caimi è una delle principali produttrici europee design oriented nel settore dell'arredamento, dei complementi d'arredo e delle soluzioni acustiche per l'ufficio, la casa e il contract. Da 76 anni Caimi Brevetti continua a ricercare e sperimentare nuove soluzioni per migliorare la vita delle persone e gli ambienti in cui vivono. La costante applicazione di questa filosofia ha permesso a Caimi di evolversi in armonia con la società, adattandosi alle mutevoli esigenze delle persone.

EN_ Founded in 1949, Caimi is one of Europe's leading design-oriented manufacturers of furniture, furnishings and acoustic solutions for the office, home and contract. For 76 years, Caimi Brevetti has continued to research and experiment with new solutions to improve people's lives and the environments they live in. The constant application of this philosophy has allowed Caimi to evolve in harmony with society, adapting to people's changing needs.

F_ Fondée en 1949, Caimi est l'une des principales entreprises européennes de production axée sur le design, dans le domaine de l'ameublement et des accessoires de décoration et des solutions acoustiques pour le bureau, la maison et les grands projets clé en main. Depuis 76 années, Caimi continue à chercher et expérimenter de nouvelles solutions pour améliorer de manière concrète la vie des personnes et de leur habitat. L'application constante de cette philosophie a permis à Caimi d'évoluer en harmonie avec la société, en s'adaptant à l'évolution des besoins des personnes.

D_ Caimi wurde 1949 gegründet und ist einer der führenden designorientierten Hersteller von Möbeln, Einrichtungszubehör und akustischen Lösungen für den Büro-, Wohn- und Objektbereich in Europa. Seit 76 Jahren forscht und experimentiert Caimi Brevetti mit neuen Lösungen, um das Leben der Menschen und die Umgebung, in der sie leben, zu verbessern. Die ständige Anwendung dieser Philosophie hat es Caimi ermöglicht, sich im Einklang mit der Gesellschaft weiterzuentwickeln und sich an die sich verändernden Bedürfnisse der Menschen anzupassen.

DESIGNERS ARE OUR EYES ON THE WORLD

I DESIGNER SONO I NOSTRI OCCHI SUL MONDO

I_Le performance acustiche dei prodotti Snowsound prendono forma nei progetti di grandi designers. Una moltitudine di forme e colori pensati sia per essere parte visibile e caratterizzante del progetto, sia per integrarsi con discrezione negli ambienti. Risolvere le problematiche acustiche, dalle più semplici alle più complesse, con una gamma integrata di prodotti basati su un approccio del tutto innovativo.

EN_Snowsound acoustic performance takes shape in projects thanks to great designers. Many shapes and colours are designed to be a visible and distinctive part of the project and to discreetly integrate into the spaces. Resolving acoustic problems, from the simplest to the most complex, with a complete range of products based on a totally innovative approach.

F_Les performances acoustiques de Snowsound prennent forme dans les projets des grands designers. Une multiplicité de formes et de coloris conçus aussi bien pour être la partie visible et distinctive du projet, que pour s'intégrer discrètement dans les différents espaces. Résoudre les problématiques d'acoustique, des plus simples aux plus complexes, avec une gamme intégrée de produits basés sur une approche tout à fait innovante.

D_Die akustische Leistungen von Snowsound Produkten nehmen in Projekten großer Designer Gestalt an. Eine Vielfalt an Formen und Farben ermöglicht die Gestaltung eines sichtbaren und charakteristischen Teil des Projekts ebenso wie eine diskrete Integration in den Räumen. Die Lösung von akustischen Problemen, von einfachen bis hin zu sehr komplexen, mit einer vollständigen Produktlinie, stellt einen vollkommen innovativen Ansatz dar.

E_Las prestaciones acústicas de Snowsound se plasman en los proyectos de diseñadores afamados. Un sinfín de formas y colores concebidos tanto para ser parte visible que caracteriza el proyecto, como también elemento que se integra con discreción en su entorno. Solucionar los problemas acústicos, de los más sencillos a los más complejos, con una gama integrada de productos basados en un enfoque muy innovador.

RESEARCH & INNOVATION

1.192 patents and designs filed

1.192 brevetti e modelli depositati

I_Fin dalla sua fondazione nel 1949, Caimi Brevetti ha posto al centro della sua missione la tutela dell'invenzione, tanto da inserire "Brevetti" all'interno della sua ragione sociale. La pratica di brevettare va oltre la semplice registrazione di idee; essa incarna l'essenza stessa della progettazione, ponendo la ricerca e la conoscenza al vertice di ogni attività industriale. Questo approccio riveste un valore strategico perché pone al centro dei progetti la volontà di trovare soluzioni reali ai bisogni delle persone. I **1.192 brevetti e modelli depositati** o acquisiti dall'azienda sono la conferma del valore che Caimi pone alla tutela della proprietà intellettuale.

EN_Ever since its foundation in 1949, Caimi Brevetti has placed the protection of invention at the center of its mission, so much so that it has included 'Patents' within its company name. The practice of patenting goes beyond the mere registration of ideas; it embodies the very essence of design, placing research and knowledge at the top of every industrial activity. This approach is of strategic value because it places the desire to find real solutions to people's needs at the center of projects. The **1.192 patents and registered models** confirm the importance Caimi places on the protection of intellectual property.

F_Depuis sa création en 1949, Caimi Brevetti a placé la protection des inventions au centre de sa mission, à tel point que le terme « Brevetti » (brevets) figure dans sa raison sociale. Déposer un brevet va au-delà d'un simple enregistrement des idées ; il s'agit de l'essence même de la conception, où la recherche et le savoir se trouvent au premier plan de toute activité industrielle. Cette approche possède une valeur stratégique, car elle place au centre des projets la volonté de trouver des solutions réelles pour les exigences des personnes. Les **1.192 brevets et modèles déposés** ou achetés par l'entreprise, confirment l'importance que Caimi accorde à la protection de la propriété intellectuelle.

D_Seit seiner Gründung im Jahr 1949 hat Caimi Brevetti den Schutz von Erfindungen in den Mittelpunkt seines Auftrags gestellt, sogar so sehr, dass der Begriff „Patente“ (Italienisch Brevetti) in den Firmennamen aufgenommen wurde. Die Praxis der Patentierung geht über die bloße Registrierung von Ideen hinaus; sie verkörpert das eigentliche Wesen des Designs und stellt Forschung und Wissen an die Spitze jeder industriellen Tätigkeit. Dieser Ansatz ist von strategischem Wert, denn er stellt den Wunsch, echte Lösungen für die Bedürfnisse der Menschen zu finden, in den Mittelpunkt der Projekte. Die **1.192 Patente und Muster, die das Unternehmen angemeldet** oder erworben hat, bestätigen die Bedeutung, die Caimi dem Schutz des geistigen Eigentums beimisst.

E_Desde su fundación en 1949, Caimi Brevetti ha situado la protección de la invención en el centro de su misión, hasta el punto de incluir "Brevetti" (patentes) en el nombre de la empresa. Patentar va más allá de un mero registro de ideas; encarna la propia esencia del diseño, poniendo la investigación y el conocimiento en la cumbre de cualquier actividad industrial. Este enfoque reviste un valor estratégico, ya que sitúa el deseo de encontrar soluciones reales para satisfacer las necesidades de las personas en el centro de los proyectos. Las **1.192 patentes y modelos registrados** o adquiridos por la empresa confirman la importancia que Caimi concede a la protección de la propiedad intelectual.

Un design di successo richiede tecnologie avanzate ottenibili solo attraverso la ricerca.

Successful design requires advanced technologies achievable through research only.

Un design couronné de succès a besoin de technologies avancées qui doivent être créées en ayant recours à la recherche.

Erfolgreiches Design erfordert fortschrittliche Technologien, die, durch Forschung geschaffen werden müssen.

Un diseño exitoso precisa de tecnologías avanzadas que habrán de ser generadas a través de la investigación si todavía no existen.

CAIMI OPENLAB

I_OpenLab è uno spazio all'avanguardia che vanta 7 laboratori avveniristici dedicati alla ricerca teorica e applicata in ambito tecnologico, acustico e fisico. Un centro di ricerca volto a sperimentare il comportamento del suono, le capacità percettive dell'uomo e gli effetti che il suono ha sull'essere umano, oltre allo studio di nuovi materiali e tecnologie.

EN_OpenLab is a state-of-the-art space featuring 7 futuristic laboratories dedicated to theoretical and applied research in technology, acoustics and physics. A research center aimed at experimenting with the behavior of sound, man's perceptive capabilities and the effects sound has on human beings, as well as the study of new materials and technologies.

F_OpenLab est un lieu à l'avant-garde qui vante 7 laboratoires ultra-modernes dédiés à la recherche théorique et appliquée dans le domaine technologique, acoustique et physique. Un centre de recherche pour expérimenter le comportement du son, les capacités perceptives de l'homme et les effets du son sur les êtres humains, ainsi que l'étude des nouveaux matériaux et technologies.

D_OpenLab ist ein hochmoderner Raum mit 7 futuristischen Labors, die der theoretischen und angewandten Forschung in den Bereichen Technologie, Akustik und Physik gewidmet sind. Ein Forschungszentrum, in dem das Verhalten von Schall, die Wahrnehmungsfähigkeit des Menschen und die Auswirkungen von Schall auf den Menschen erforscht, sowie neue Materialien und Technologien untersucht werden.

E_OpenLab es un espacio de vanguardia que dispone de 7 futuristas laboratorios dedicados a la investigación teórica y aplicada en tecnología, acústica y física. Un centro de investigación orientado a experimentar el comportamiento del sonido, las capacidades perceptivas de las personas y los efectos que el sonido tiene sobre el ser humano, así como al estudio de nuevos materiales y tecnologías.

CAIMI OPENLAB

Social sustainability

Sostenibilità sociale

I_In linea con le tradizioni dell'azienda, da sempre sensibile ai problemi sociali e con l'obiettivo di trovare soluzioni che contribuiscano a rendere migliore la qualità della vita, OpenLab è anche una struttura no-profit messa gratuitamente al servizio di Università, Istituti di Ricerca, Fondazioni ed Enti. Un luogo vivo di incontro, dove la comunità scientifica, quella artistica e tutte le organizzazioni di diffusione del sapere possono frequentarsi e sperimentare nuove idee.

EN_In line with the traditions of the company, which has always been sensitive to social problems and with the aim of finding solutions that contribute to a better quality of life, OpenLab is also a non-profit structure at the service of Universities, Research Institutes, Foundations, scientists, artists and communicators. This is done completely free of charge. It's a lively meeting place where the scientific community, the artistic community and all organizations for the diffusion of knowledge can meet and experiment with new ideas.

F_En ligne avec les traditions de notre entreprise, depuis toujours sensible aux problèmes sociaux et à la recherche de solutions qui contribueront à améliorer la qualité de vie, OpenLab est en même temps une structure sans but lucratif gratuitement au service des universités, instituts de recherche, fondations, organismes publics, scientifiques, artistes et vulgarisateurs. Un lieu vivant pour se rencontrer, où la communauté scientifique, artistique et toutes les organisations de vulgarisation du savoir peuvent se fréquenter et expérimenter de nouvelles idées.

D_Im Einklang mit den Traditionen des Unternehmens, das schon immer ein Augenmerk für soziale Probleme hatte und nach Lösungen strebt, die zur Verbesserung der Lebensqualität beitragen, ist OpenLab auch eine gemeinnützige Einrichtung, die Universitäten, Forschungsinstituten, Stiftungen, öffentlichen Einrichtungen, Wissenschaftlern, Künstlern und Publizisten kostenlos zur Verfügung steht. Ein lebendiger Begegnungsort, an dem sich die wissenschaftliche Gemeinschaft, die künstlerische Gemeinschaft und alle Organisationen, die sich der Verbreitung von Wissen verschrieben haben, treffen und mit neuen Ideen experimentieren können.

E_En línea con la tradición de la empresa, desde siempre comprometida con los problemas sociales, y con el objetivo de encontrar soluciones que contribuyan a mejorar la calidad de vida, OpenLab es también una estructura sin ánimo de lucro puesta gratuitamente a disposición de universidades, institutos de investigación, fundaciones, organismos públicos, científicos, artistas y divulgadores. Un lugar de encuentro vivo en el que la comunidad científica, la comunidad artística y todas las organizaciones de difusión del conocimiento pueden reunirse y experimentar nuevas ideas.

I laboratori OpenLab sono anche uno spazio no-profit aperto a Università, Istituti di Ricerca, Fondazioni, Enti pubblici oltre a scienziati e artisti.

The OpenLab is also a non-profit space for universities, research institutes, foundations, public bodies as well as scientists and artists.

Les laboratoires OpenLab sont également un espace sans but lucratif, ouvert aux universités, instituts de recherche, fondations, organismes publics et aux scientifiques et artistes.

Die OpenLab-Labors sind auch ein gemeinnütziger Raum, der für die Universitäten, Forschungsinstituten, Stiftungen, öffentlichen Einrichtungen sowie Wissenschaftlern und Künstlern zugänglich ist.

Los laboratorios OpenLab son también un espacio sin ánimo de lucro abierto a universidades, institutos de investigación, fundaciones y organismos públicos, así como a científicos y artistas.

SUSTAINABILITY

SOSTENIBILITÀ

I_Caimi, da sempre sensibile nei confronti delle tematiche ambientali e dell'ecosostenibilità, utilizza, dove tecnicamente possibile, materiali riciclabili o riutilizzabili. La produzione è composta in prevalenza da oggetti monomaterici, facilmente riciclabili: gli oggetti composti da più materiali sono in larga parte pensati per essere disassemblabili, consentendo di riciclare separatamente i singoli componenti. Già nel 2003 l'ADI Design Index selezionava una linea di prodotti Caimi realizzata attraverso il riutilizzo di materie plastiche. Da questa e altre esperienze si è costruito nel tempo un bagaglio di competenze utili al raggiungimento degli obiettivi di sostenibilità.

EN_Caimi has always had an attentive eye for environmental issues and ecosustainability. This is why, if technically feasible, we use recyclable or reusable materials. Production consists mainly of single-material, easily recyclable objects: objects made of multiple materials are in most cases designed to be disassembled. This allows separate recycling of the individual components. As early as 2003, the ADI Design Index selected a line of Caimi products with reused plastic materials. Over time, this and other experiences have built up a wealth of skills useful for achieving sustainability goals.

F_Caimi, depuis toujours sensible aux thématiques de l'environnement et de l'éco-durabilité, utilise, quand c'est techniquement possible, des matériaux recyclables ou réutilisables. La production est composée surtout d'objets monomatériaux, facilement recyclables, et les objets composés de plusieurs matériaux sont généralement pensés pour être désassemblés, permettant ainsi recycler séparément chaque composant. Déjà 2003, l'Index ADI Design sélectionnait une ligne de produits Caimi fabriqués grâce à la réutilisation des matières plastiques. Cette expérience et d'autres ont permis d'acquérir avec le temps, un patrimoine de compétences utiles pour atteindre les objectifs du développement durable.

D_Caimi ist seit jeher mit Umweltthemen und der Umweltverträglichkeit vertraut und verwendet, wo technisch möglich, wiederverwertbare oder recyclebare Materialien. Die Produktion besteht überwiegend aus Monomaterial- Gegenständen, die leicht recyclebar sind: die Gegenstände aus mehreren Materialien sind zum Großteil so entwickelt, dass sie auseinander gebaut werden können, wodurch das Recycling der einzelnen Komponenten ermöglicht wird. Bereits 2003 wählte der ADI Design Index eine Produktlinie von Caimi aus, für deren Herstellung Kunststoffe wiederverwendet wurden. Im Laufe der Zeit haben wir durch diese und andere Erfahrungen eine Fülle von Kenntnissen erworben, die für die Erreichung der Nachhaltigkeitsziele nützlich sind.

E_Caimi, debido a su constante preocupación por los temas medioambientales y la ecosostenibilidad, se utilizan, siempre que sea técnicamente posible, materiales reciclables o reutilizables. La producción está compuesta en su mayoría por objetos monomatericos, fácilmente reciclables: los objetos compuestos por varios materiales están en su mayoría pensados para ser desensamblados, permitiendo reciclar por separado cada componente. Ya en 2003, el ADI Design Index seleccionó una línea de productos Caimi elaborados mediante la reutilización de materiales plásticos. Con el paso del tiempo, esta y otras experiencias han contribuido a construir un bagaje de competencias útiles para alcanzar los objetivos de sostenibilidad.

WELLBEING TECHNOLOGIES

- Acoustic comfort (Snowsound)
- Electromagnetic reduction (A+E)
- Air purification

I_Le diverse tecnologie sviluppate da Caimi riguardanti il comfort acustico, la riduzione delle radiofrequenze e la purificazione passiva dell'aria sono studiate per contribuire in modo efficace al benessere delle persone e del loro habitat.

EN_Caimi's technologies (acoustic comfort, radio frequency reduction and passive air purification) are designed to significantly improve people's wellbeing.

F_Les différentes technologies développées par Caimi concernant le confort acoustique, la réduction des radiofréquences et la purification passive de l'air, ont été étudiées pour contribuer efficacement au bien-être des personnes et de leur habitat.

D_Die verschiedenen Technologien für den akustischen Komfort, die Reduzierung von Hochfrequenzen und die passive Luftreinigung, die von Caimi entwickelt wurden, tragen wirksam zum Wohlbefinden der Menschen in ihrem Lebensraum bei.

E_Las diversas tecnologías que Caimi desarrolla para el confort acústico, la reducción de las radiofrecuencias y la purificación pasiva del aire, están concebidas y diseñadas para contribuir de manera eficaz al bienestar de las personas en su entorno.

SNOWSOUND

Acoustic comfort

Comfort acustico

I Il comfort acustico è un'esigenza di benessere che riguarda tutti gli ambienti del vivere quotidiano. I pannelli, i tessuti e i divani fonoassorbenti Snowsound permettono di correggere in maniera rapida, funzionale e sicura i problemi legati all'acustica di ristoranti, bar, hotel, uffici, aree di attesa o di transito, ambienti pubblici e biblioteche, ma anche negozi e case.

EN Acoustic comfort is fundamental for wellbeing within all environments in our daily lives. Snowsound sound absorbing panels, fabrics and sofas can solve acoustic-related problems correct in a quick, functional and safe way. This is achievable in restaurants, bars, hotels, offices, waiting/transit areas, public places and libraries, stores and houses.

F Le confort acoustique est une exigence pour le bien-être, qui concerne tous les lieux de la vie de tous les jours. Les panneaux, tissus et canapés phono-absorbants Snowsound permettent de corriger de manière rapide, fonctionnelle et en toute sécurité les problèmes liés à l'acoustique des restaurants, bars, hôtels, bureaux, zones d'attente ou de transit, lieux publics et bibliothèques, mais aussi des magasins et des habitations.

D Akustisches Wohlbefinden ist eine Anforderung, die alle Räume des Alltagslebens erfüllen müssen. Die Snowsound Schalldämpf-Paneele, -Stoffe und -Sofas ermöglichen eine schnelle, effiziente und sichere Korrektur der Akustikprobleme von Restaurants, Bars, Hotels, Büros, Warte- oder Durchgangsräumen, öffentlichen Räumen und Bibliotheken, aber auch von Läden und Wohnungen.

E El confort acústico de todos los ambientes del diario vivir es una necesidad de bienestar. Los paneles, tejidos y sofás fonoabsorbentes Snowsound posibilitan la corrección rápida, funcional y segura de los problemas relacionados con la acústica de restaurantes, cafeterías, hoteles, oficinas, zonas de espera o de tránsito, locales públicos y bibliotecas, pero también de tiendas y viviendas.

Acoustic analysis

Analisi acustica

I Il software di Analisi Acustica è uno strumento professionale in grado di stimare con grande precisione il tempo di riverbero pre intervento e quello post intervento, ottenibile grazie all'utilizzo dei diversi prodotti SNOWSOUND, anche combinati fra di loro. Il software fornisce anche la stima dell'indice di intelligibilità del parlato **STI** e la riduzione del livello di pressione sonora in **dB** all'interno dell'ambiente trattato. Nel caso di tende realizzate con la tecnologia Snowsound Fiber Textiles il software è in grado di calcolare l'indice **Rw** che definisce la capacità di abbattimento acustico della configurazione scelta.

EN CAIMI's Acoustic Analysis software is a professional tool that accurately estimates reverberation time curves before and after installing different SNOWSOUND products, eventually combining them together. The software also predicts the speech intelligibility index (**STI**) and reduction of sound pressure levels in **dB** within any given space. In case of curtains made with Snowsound Fiber Textiles, the software calculates the **Rw** value, which determines the effectiveness of the specific configuration as a noise insulator.

F Le logiciel d'Analyse Acoustique est un outil professionnel capable d'estimer avec une grande précision le temps de réverbération avant et après l'intervention, qu'on peut obtenir en utilisant les différents produits SNOWSOUND, même quand ils sont combinés entre eux. Le logiciel fournit également une estimation de l'indice de transmission de la parole **STI** (Speech Transmission Index) et la réduction du niveau de la pression acoustique en **dB** dans l'environnement concerné. Pour les rideaux réalisés avec la technologie Snowsound Fiber Textiles, le logiciel peut calculer l'indice **Rw** qui définit l'affaiblissement sonore de la configuration choisie.

D Die Akustik-Analyse-Software ist ein professionelles Werkzeug, mit dem die Nachhallzeit vor dem Eingriff und die Nachhallzeit nach dem Eingriff mit großer Genauigkeit abgeschätzt werden kann. Diese Nachhallzeit wird mit verschiedenen SNOWSOUND-Produkten, auch in Kombination miteinander, erreicht. Die Software ermöglicht auch die Schätzung des Sprachverständlichkeitsindex **STI** und der Verringerung des Schalldruckpegels in **dB** innerhalb der betrachteten Umgebung. Bei Vorhängen, die mit Snowsound Fiber Textiles-Technologie hergestellt werden, kann die Software den **Rw**-Index berechnen, der das Schalldämmvermögen der gewählten Konfiguration bestimmt.

E El software de análisis acústico de Caimi es una herramienta profesional que estima con excelente precisión el tiempo de reverberación antes y después de la intervención de corrección acústica mediante el uso de diferentes productos SNOWSOUND, solos o combinados entre sí. El software también permite estimar el índice de inteligibilidad de una conversación (**STI**), así como la reducción de los niveles de presión sonora, en decibelios (**dB**), dentro del espacio a intervenir. En el caso de las cortinas realizadas con los tejidos acústicos con tecnología Snowsound Fiber Textiles, el software puede calcular el índice **Rw**, que determina la capacidad de aislamiento acústico de la configuración elegida.

Acoustic calculation

Calcolo acustico

I_Il software di Calcolo Acustico è uno strumento **rapido e immediato** in grado di determinare il quantitativo ideale di prodotti fonoassorbenti Snowsound da utilizzare partendo da solo tre dati: dimensione dell'ambiente, destinazione d'uso e prodotto scelto.

EN_The Acoustic Analysis software is a **quick and easy way** to calculate the ideal amount of Snowsound sound-absorbing products. Only three needed data: room size, use, and the CAIMI product of choice.

F_Le logiciel de Calcul Acoustique est un outil **rapide et immédiat** en mesure de déterminer la quantité idéale des produits phono-absorbants Snowsound à utiliser en se basant sur trois données seulement: les dimensions de la pièce, l'utilisation prévue et le produit choisi.

D_Die Akustikberechnungssoftware ist ein **schnelles und unmittelbares** Werkzeug, mit dem die ideale Menge an Snowsound-Akustikprodukten anhand von nur drei Daten ermittelt werden kann: Raumgröße, Verwendungszweck und gewähltes Produkt.

E_El software de cálculo acústico es una herramienta **rápida y sencilla** que permite determinar la cantidad óptima de productos fonoabsorbentes Snowsound, a partir de tan solo tres datos: tamaño del espacio a intervenir, uso previsto y producto/s elegido/s.

AIR PURIFICATION TECHNOLOGY

I Il calore della lampada riscalda l'aria nella parte superiore generando un moto convettivo. L'aria così riscaldata passa attraverso un filtro realizzato in maglia di alluminio, galvanizzato e trattato con ioni d'argento, purificandosi.

EN The lamp heats the air in the upper part, generating a convective motion. The heated air passes through a filter made of galvanized aluminum mesh, treated with silver ions, purifying itself.

F La chaleur d'une lampe réchauffe l'air dans la partie supérieure, en créant un mouvement convectif. Cet air chaud est purifié en passant à travers un filtre en maille d'aluminium galvanisé et traité aux ions d'argent.

D Die Wärme der Lampe erhitzt die Luft im oberen Bereich und erzeugt eine Konvektionsbewegung. Die so erwärmte Luft strömt durch einen Filter aus galvanisiertem Aluminiumgewebe, das mit Silberionen behandelt wurde, und wird so gereinigt.

E La lámpara calienta el aire en la parte superior, generando un movimiento convectivo. El aire caliente pasa a través de un filtro de malla de aluminio galvanizado, tratado con iones de plata, purificándose.

A+E TECHNOLOGY

Acoustic + Electromagnetic reduction

I Tessuto riduttore di radiofrequenze a base di tecnopolimero metallizzato in argento puro, specificatamente progettato per ridurre la potenza dei campi elettromagnetici provenienti dall'esterno senza tuttavia ostacolare completamente i segnali in modo da poter continuare ad utilizzare smartphone e reti Wi-Fi. Il tessuto riduttore di radiofrequenze viene inserito all'interno di divani, oggetti e pannelli fonoassorbenti, consentendo di combinare la funzione di riduzione del riverbero acustico a quella di riduzione dei campi elettromagnetici. Una nuova tecnologia brevettata pensata per il benessere delle persone.

EN Metallized high-tech polymer fabric with pure silver for radio frequency reduction. Specifically designed to reduce the power of electromagnetic fields. However, it doesn't completely obstruct signals, allowing the use of smartphones and Wi-Fi networks. This radio frequency reducing fabric can be included inside sofas and other sound absorbing elements, combining sound absorption with reduction of electromagnetic fields. A new patented technology for the wellbeing of people.

F Tissu réducteur des radiofréquences à base de technopolymère métallisé en argent pur, conçu expressément pour réduire la puissance des champs électromagnétiques provenant de l'extérieur sans empêcher complètement les signaux, de manière à pouvoir continuer à utiliser les téléphones portables et les réseaux Wi-Fi. Le tissu réducteur de radiofréquences est ajouté à l'intérieur des canapés, objets et panneaux phono-absorbants, permettant d'associer la fonction de réduction de la réverbération acoustique avec la réduction des champs électromagnétiques. Une nouvelle technologie brevetée, pensée pour le bien-être des gens.

D Hochfrequenzreduzierendes Gewebe auf der Basis von mit reinem Silber metallisiertem Technopolymer, das speziell entwickelt wurde, um die Stärke von elektromagnetischen Feldern von außen zu reduzieren, ohne jedoch Signale vollständig zu blockieren, so dass Smartphones und WLAN-Netzwerke weiterhin genutzt werden können. Das hochfrequenzreduzierende Gewebe wird in Sofas, Gegenständen und schallabsorbierenden Paneelen eingesetzt, wodurch die Reduzierung des akustischen Halls mit der Reduzierung elektromagnetischer Felder einhergeht. Eine neue, patentierte Technologie für das Wohlbefinden der Menschen.

E Tejido reductor de radiofrecuencias realizado a partir de tecnopolímero revestido con plata pura, concebido y diseñado para reducir la potencia de los campos electromagnéticos provenientes del exterior, sin bloquear por completo las señales para permitir, así, el funcionamiento de teléfonos móviles y redes Wi-Fi. El tejido reductor de radiofrecuencias se incorpora en el interior de sofás, paneles u objetos fonoabsorbentes, haciendo posible la combinación de las funciones de reducción de la reverberación acústica con la reducción de los campos electromagnéticos. Una novedosa tecnología patentada pensada para mejorar el bienestar de las personas.

Pannelli con imbottitura interna in poliester a **densità variabile** Snowsound® Technology. Rivestimento esterno in tessuto di poliester Trevira CS®. Con lampada LED rettangolare potenza 24W, 3000K, struttura realizzata in alluminio verniciato bianco opaco, con schermo diffusore satinato. Completati di struttura in acciaio e kit per fissaggio a soffitto composto da: 4 piastre a soffitto a 2 fori - 4 cavi in acciaio - 4 attacchi per telaio. Cavo di alimentazione L. 390 cm.

Panel with polyester internal padding with Snowsound® Technology **variable density**. Polyester covering in Trevira CS® fabric. Rectangular LED lamp, 24W power, 3000K, structure made of matt white epoxy powder-coated aluminium, with satin-finish diffuser screen. Equipped with steel frame and Kit for the ceiling fixing composed of: 4 ceiling plates with 2 holes, 4 steel cables, 4 hangings for frame. Length of power supply cable: 390 cm.

Panneau avec rembourrage interne en polyester à **densité variable** Snowsound® Technology. Revêtement externe en tissu de polyester Trevira CS®. Avec lampe LED rectangulaire de 24W, 3000K, structure en aluminium peint blanc mat, avec écran diffuseur satiné. Fourni avec structure en acier et kit d'accrochage au plafond composé de: 4 platines pour plafond à 2 trous - 4 câbles en acier - 4 accrochages pour cadre. Cordon d'alimentation L. 390 cm.

Panel con acolchado interior de poliéster de **densidad variable** Snowsound® Technology. Revestimiento exterior en tejido de poliéster Trevira CS®. Con lámpara LED rectangular potencia 24W, 3000K, estructura de aluminio barnizado blanco opaco, con pantalla difusora satinada. Completo de estructura de acero y kit para el montaje al techo compuesto por: 4 placas de techo con 2 huecos - 4 cables de acero - 4 enganches para bastidor. Cable de alimentación L. 390 cm.

Panel mit Polyester-Füllmaterial von **unterschiedlicher Dichte** Snowsound® Technology. Polyester-Bezug aus Trevira CS®-Material. Mit viereckiger LED-Lampe (24 W, 3000K) und satiniertem Diffusor ausgestattete und mattweiß beschichtete Aluminium-Struktur. Ausgestattet mit Gestell aus Stahl und Set für die Deckenbefestigung bestehend aus: 4 Deckenmontageplatten mit 2 Befestigungsbohrungen, 4 Stahlseile, 4 Befestigungen für den Rahmen. Netzteil-Länge. 390 cm.

AIR PURIFICATION TECHNOLOGY

I_Il calore della lampada riscalda l'aria nella parte superiore generando un moto convettivo. L'aria così riscaldata passa attraverso un filtro realizzato in maglia di alluminio, galvanizzato e trattato con ioni d'argento, purificandosi.

EN_The lamp heats the air in the upper part, generating a convective motion. The heated air passes through a filter made of galvanized aluminum mesh, treated with silver ions, purifying itself.

F_La chaleur d'une lampe réchauffe l'air dans la partie supérieure, en créant un mouvement convectif. Cet air chaud est purifié en passant à travers un filtre en maille d'aluminium galvanisé et traité aux ions d'argent.

D_Die Wärme der Lampe erhitzt die Luft im oberen Bereich und erzeugt eine Konvektionsbewegung. Die so erwärmte Luft strömt durch einen Filter aus galvanisiertem Aluminiumgewebe, das mit Silberionen behandelt wurde, und wird so gereinigt.

E_La lámpara calienta el aire en la parte superior, generando un movimiento convectivo. El aire caliente pasa a través de un filtro de malla de aluminio galvanizado, tratado con iones de plata, purificándose.

PRODOTTI OPZIONALI / OPTIONALS

7SM6-C

Per M6 (non inclusa)
For M6 (not included)

1 coppia / 1 pair
1 paire / 1 pare
1 Paar

OPZIONALE / OPTIONAL

Coppia attacchi per viti M6. Utilizzabile per tutte le applicazioni a soffitto. Può sostituire la piastra a due fori fornita con i pannelli (dove prevista)

Pair of connections for M6 screws. Can be used for all ceiling applications. Can replace the two holes plate supplied with the panels (where applicable)

Paire de raccords pour vis M6. Peut être utilisé pour toutes les applications au plafond. Peut remplacer la platine à deux trous fournie avec les panneaux (le cas échéant)

Par de conexiones para tornillos M6. Se puede utilizar para todas las aplicaciones de techo. Puede sustituir la placa con dos huecos suministrada con los paneles (si procede)

Paar von Befestigungen für M6 Schrauben. Für alle Deckenarten geeignet. Kann an Stelle der mitgelieferten Montageplatte mit zwei Lochungen verwendet werden.

Pannello con imbottitura interna in poliester a **densità variabile** Snowsound® Technology. Rivestimento esterno in tessuto di poliester Trevira CS®. Completati di kit per fissaggio a soffitto dei pannelli composto da: 2 piastre a soffitto - 2 cavi in acciaio - 2 attacchi per pannello. Il pannello può essere fissato agli attacchi sia verticalmente che orizzontalmente. Gli attacchi si fissano lungo il pannello.

Panel with polyester internal padding with **variable density** Snowsound® Technology. Polyester covering in Trevira CS® fabric. Equipped with kit for the ceiling fixing for panels composed of: 2 ceiling plates - 2 steel cables - 2 hangings for panel. The panel can be clamped at both vertically and horizontally. The brackets are positioned along the panel.

Panneau avec rembourrage interne en polyester à **densité variable** Snowsound® Technology. Revêtement externe en tissu de polyester Trevira CS®. Fourni avec kit d'accrochage au plafond des panneaux composé de: 2 platines pour plafond - 2 câbles en acier - 2 accrochages pour panneau. Le panneau peut se fixer aux joints en vertical ou horizontal. Les joints se fixent le long du panneau.

Panel con acolchado interior de poliéster de **densidad variable** Snowsound® Technology. Revestimiento exterior en tejido de poliéster Trevira CS®. Completo de kit para el montaje al techo por paneles compuesto por: 2 placas de techo - 2 cables de acero - 2 enganches para panel. El panel puede ser enganchado tanto en vertical como en horizontal. Los soportes se posicionan a lo largo del panel.

Paneel mit Polyester-Füllmaterial von **unterschiedlicher Dichte** Snowsound® Technology. Polyester-Bezug aus Trevira CS®-Material. Ausgestattet mit Set für die Deckenbefestigung für Paneel bestehend aus: 2 Deckenmontageplatten + 2 Stahlseile - 2 Befestigungen für Paneel. Das Paneel kann sowohl vertikal als auch horizontal befestigt werden. Die Halterungen werden entlang des Paneels montiert.

Pannello con imbottitura interna in poliester a **densità variabile** Snowsound® Technology. Rivestimento esterno in tessuto di poliester Trevira CS®.

Panel with polyester internal padding with Snowsound® Technology **variable density**. Polyester covering in Trevira CS® fabric.

Panneau avec rembourrage interne en polyester à **densité variable** Snowsound® Technology. Revêtement externe en tissu de polyester Trevira CS®.

Panel con acolchado interior de poliéster de **densidad variable** Snowsound® Technology. Revestimiento exterior de tejido de poliéster Trevira CS®.

Paneel mit Polyester-Füllmaterial von **unterschiedlicher Dichte** Snowsound® Technology. Polyester-Bezug aus Trevira CS®-Material.

1

- 1) Posizionare le staffe cod. 7S511-GA / 7S511-BO / 7S1100-GA / 7S1100-BO
- 1) Position the brackets code 7S511-GA / 7S511-BO / 7S1100-GA / 7S1100-BO
- 1) Positionnez les étriers réf. 7S511-GA / 7S511-BO / 7S1100-GA / 7S1100-BO
- 1) Colocar los soportes cod. 7S511-GA / 7S511-BO / 7S1100-GA / 7S1100-BO
- 1) Positionieren Sie die Halterungen Art. Nr 7S111-GA / 7S111-BO / 7S1100-GA / 7S1100-BO

2 / 3

2 e 3) Avvitare le staffe cod 7S511-GA / 7S511-BO / 7S1100-GA / 7S1100-BO direttamente al pannello e applicare la copertura in tecnopolimero.

2 and 3) Directly screw the brackets code 7S511-GA / 7S511-BO / 7S1100-GA / 7S1100-BO to the panels and put on the hi-tech polymer front cover.

2 et 3) Vissez les supports réf. 7S511-GA / 7S511-BO / 7S1100-GA / 7S1100-BO directement au panneau et appliquez les couvertures en technopolymère.

2 y 3) Atornillar los soportes cod. 7S511-GA / 7S511-BO / 7S1100-GA / 7S1100-BO directamente al panel y aplicar las coberturas en tecnopolimero.

2 und 3) Schrauben Sie die Halterungen Art. 7S511-GA / 7S511-BO / 7S1100-GA / 7S1100-BO direkt an das Paneel und befestigen Sie die vordere Abdeckung aus Hi-Tech-Polymer.

Le staffe possono essere applicate lungo il pannello.

The brackets can be positioned along the panel.

Les supports peuvent être appliqués le long du panneau.

Los soportes pueden ser posicionados a lo largo del panel.

Die Halterungen können beliebig entlang des Paneels angebracht werden.

Coppia di coperture frontali in tecnopolimero degli attacchi per 1 pannello Mitesco.

OPZIONALE

(Il pannello Mitesco è fornito di serie con le coperture frontali di colore grigio o bianco)

Pair of high-tech polymer front covers for connections for 1 panel Mitesco.

OPTIONAL

(Mitesco panels are supplied as standard with grey or white front covers)

Paire de couvertures frontales en technopolymère pour jonctions pour 1 panneau Mitesco.

OPTIONNEL

(Le panneau Mitesco est fourni en standard avec les couvertures frontales en couleur gris ou blanc)

Par de coberturas frontales de tecnopolimero para enganches de 1 panel Mitesco.

OPCIONAL

(el panel Mitesco ya incluye las coberturas frontales en color gris o blanco)

Paar Abdeckungen aus Technopolymer für Befestigung für 1 Panel Mitesco.

OPTIONAL erhältlich

(Mitesco-Paneele werden standardmäßig mit grauen oder weissen Befestigungsabdeckungen geliefert).

NOTA

Non utilizzare con staffe scrivania cod. 7M511-XX / 7M515-XX / 7M5100-XX / 7M519-XX / 7M518-XX / 7M517-XX (XX = Variante colore).

Not to be used with desk brackets code 7M511-XX / 7M515-XX / 7M5100-XX / 7M519-XX / 7M518-XX / 7M517-XX (XX = Color option).

Aggancio semplice in tecnopolimero per fissaggio a parete tramite chiodo/vite (non inclusi) di un pannello Mitesco.

Easy connection in high-tech polymer for wall fixing by nail/screw (not included) of 1 Mitesco panel.

Accrochage simple en technopolymère pour fixation au mur par un clou/vis (pas inclus) d'un panneau Mitesco.

Enganche simple de polímero para fijación a pared por medio de clavo / tornillo (no incluído) de un panel Mitesco.

Einfache Befestigung aus Technopolymer für die Wandmontage mittels Nagel/Schraube (nicht inkludiert) eines Mitesco-Paneels.

7M232

Kit 4 magneti per il fissaggio diretto ad una superficie verticale in ferro di un pannello Mitesco.

Set of 4 magnets for direct fixing to a vertical iron surface, of 1 Mitesco panel.

Jeu de 4 aimants pour la fixation directe à une surface verticale en fer d'un panneau Mitesco.

Kit de 4 imanes para la fijación directa a una superficie vertical de hierro de un panel Mitesco.

Set von 4 Magneten zur direkten Befestigung auf einer vertikal Eisenoberfläche, für 1 Mitesco-Paneel.

Kit per il fissaggio ad una superficie verticale in vetro o in muratura di un pannello Mitesco. Il kit è composto da: 4 magneti **(A)** / 4 dischi in acciaio e tecnopolimero grigio **(B)** / 4 dischi con biadesivo **(C)**.

(1) Per le superfici in vetro applicare gli appositi dischetti con biadesivo **(C)**.

(2) Per le superfici in muratura applicare direttamente i dischetti **(B)** tramite viti (non incluse)

Set for fixing to a glass or masonry vertical surface, of 1 Mitesco panel. Set composed of: 4 magnets **(A)** / 4 steel and high-tech polymer plates **(B)** / 4 plates with double-sided adhesive tape **(C)**.

(1) For glass surfaces use the suitable plates with double-sided adhesive tape **(C)**

(2) For masonry surfaces fix directly the plates **(B)** with screws (not included)

Jeu pour fixation à une surface verticale en verre ou maçonnerie d'un panneau Mitesco. Le jeu se compose de: 4 aimants **(A)** / 4 disques en acier et technopolymère **(B)** / 4 disques avec bande biadhésive **(C)**.

(1) Pour les surfaces en verre appliquer les disques par bande biadhésive **(C)**

(2) Pour les surfaces en maçonnerie appliquer directement les disques **(B)** par des vis (pas incluses)

Kit para fijación a una superficie vertical de vidrio o de mampostería de un panel Mitesco. Kit compuesto por: 4 imanes **(A)** / 4 discos de acero y polímero **(B)** / 4 discos con bi-adesivo **(C)**.

(1) Para las superficies de vidrio aplicar los discos con su propio bi-adesivo **(C)**

(2) Para las superficies de mampostería aplicar directamente los discos **(B)** con tornillos (no incluidos)

Set zur Montage auf vertikal Glasoberflächen und Mauerwerk, für 1 Mitesco-Paneel. Set von: 4 Magneten **(A)** / 4 Scheiben aus Stahl und Technopolymer **(B)** / 4 doppelseitig klebende Scheiben **(C)**.

(1) Für Glasoberflächen verwenden Sie die entsprechenden doppelseitig klebenden Scheiben **(C)**

(2) Für Mauerwerk befestigen Sie die Scheiben direkt **(B)** mit Schrauben (nicht inkludiert)

**7LGH15-BO**

Apparecchio di illuminazione a sospensione fornito di 3 sorgenti luminose a LED ciascuna da 10W, 3000K, con accensione unica. Corpi illuminanti realizzati in alluminio verniciato e dotati di cavo di alimentazione con lunghezza modificabile (L. max. 390 cm) per posizionare le lampade ad altezze differenti. Le sorgenti luminose arretrate garantiscono un comfort visivo ottimale. Per art. 7GF120-XXX - 7GOF-XXX.

Suspended lighting fixture with 3 LED lights with 10W output, 3000K and single switch. Light fixture made of painted aluminium, with a length-adjustable power cable (max. extension 390 cm) for setting luminaires at different heights. The recessed light sources offer optimal visual comfort. For codes 7GF120-XXX - 7GOF-XXX.

Appareil d'éclairage à suspension fourni avec 3 sources lumineuses à LED de 10 W chacune, 3000K, avec allumage unique. Les corps lumineux sont en aluminium peint et équipés d'un câble d'alimentation d'une longueur modifiable (L. Max 390 cm) pour positionner les lampes à des hauteurs différentes. Les sources lumineuses en retrait assurent un confort visuel optimal. Pour art. 7GF120-XXX - 7GOF-XXX.

Aparato de iluminación colgante, que viene con 3 fuentes de luz de LED (de 10 W cada una, 3000K, con encendido único). Los cuerpos de iluminación de aluminio pintado constan de un cable de alimentación, cuyo largo se puede modificar (L. máx. 390 cm) para ubicar las lámparas a alturas diferentes. Las fuentes de luz desplazadas hacia atrás garantizan un confort visual excelente. Para códigos 7GF120-XXX - 7GOF-XXX.

Hängeleuchte mit 3 LED-Lichtquellen, jede zu 10 W, 3000K mit gleichzeitiger Einschaltung. Die Leuchtkörper sind aus lackiertem Aluminium gefertigt und mit einem längenverstellbaren Stromkabel (L. max. 390 cm) ausgestattet, um die Lampen in verschiedenen Höhen zu positionieren. Die versenkten Lichtquellen sorgen für optimalen Sichtkomfort. Für Art. 7GF120-XXX - 7GOF-XXX.

Ausgestattet mit Set für die Deckenbefestigung bestehend aus: 1 Deckenmontageplatten, 3 Stahlseile, 3 Befestigungen für Paneel. Netzteil-Länge. 390 cm.

AIR PURIFICATION TECHNOLOGY

I Il calore della lampada riscalda l'aria nella parte superiore generando un moto convettivo. L'aria così riscaldata passa attraverso un filtro realizzato in maglia di alluminio, galvanizzato e trattato con ioni d'argento, purificandosi.

EN The lamp heats the air in the upper part, generating a convective motion. The heated air passes through a filter made of galvanized aluminum mesh, treated with silver ions, purifying itself.

F La chaleur d'une lampe réchauffe l'air dans la partie supérieure, en créant un mouvement convectif. Cet air chaud est purifié en passant à travers un filtre en maille d'aluminium galvanisé et traité aux ions d'argent.

D Die Wärme der Lampe erhitzt die Luft im oberen Bereich und erzeugt eine Konvektionsbewegung. Die so erwärmte Luft strömt durch einen Filter aus galvanisiertem Aluminiumgewebe, das mit Silberionen behandelt wurde, und wird so gereinigt.

E La lámpara calienta el aire en la parte superior, generando un movimiento convectivo. El aire caliente pasa a través de un filtro de malla de aluminio galvanizado, tratado con iones de plata, purificándose.

Scegliere il colore per il tipo di rivestimento scelto (ad esempio, per Fiber 14: 1402)

Indicare le dimensioni L (lunghezza) e H (altezza), ad esempio 120x140

Il codice da ordinare sarà: **7SCF14-1402 120x140****HOW TO ORDER:**Choose the type of covering **7SCF14 = SNOWCUSTOM FIBER 14**

Choose the colour for the chosen type of covering (e.g. for Fiber 14: 1402)

Indicate the dimensions L (length) and H (height), e.g. 120x140

The ordering code will be: **7SCF14-1402 120x140****COMMENT COMMANDER:**Choisissez le type de revêtement **7SCF14 = SNOWCUSTOM FIBER 14**

Choisissez la couleur pour le type de revêtement choisi (ex. pour Fiber 814: 1402)

Indiquez les dimensions L (longueur) et H (hauteur), ex. 120x140

Le code de commande sera: **7SCF14-1402 120x140****CÓMO PEDIRLO:**Elija el tipo de revestimiento **7SCF14 = SNOWCUSTOM FIBER 14**

Elija el color para el tipo de revestimiento elegido (por ejemplo, para Fiber 14: 1402)

Indique las dimensiones L (longitud) y H (altura), por ejemplo 120x140

El código de pedido será: **7SCF14-1402 120x140****BESTELLUNGSVORGANG:**Wählen Sie die Art des Belags **7SCF14 = SNOWCUSTOM FIBER 14**

Wählen Sie die Farbe für den gewählten Belagstyp (z.B. für Fiber 14: 1402)

Geben Sie die Abmessungen L (Länge) und H (Höhe) an, z.B. 120x140

Der Bestellcode lautet: **7SCF14-1402 120x140**

H max 240 cm

L max 120 cm

**ATTENZIONE**

I pannelli rivestiti in tessuto F14 Biosphere vengono confezionati con tessuto con trama come da immagine.

Il valore della larghezza deve sempre essere inferiore al valore dell'altezza.

ATTENTION

F14 Biosphere fabric-covered panels are manufactured with weft fabric as shown in the picture.

The value of the width must always be less than the value of the height.

ATTENTION

Les panneaux recouverts de tissu F14 Biosphere sont fabriqués avec un tissu de trame comme indiqué sur l'image.

La valeur de la largeur doit toujours être inférieure à la valeur de la hauteur.

ATENCIÓN

Los paneles recubiertos de tejido F14 Biosphere se fabrican con tejido de trama como se muestra en la imagen.

El valor de la anchura debe ser siempre inferior al valor de la altura.

ACHTUNG

Die stoffbezogenen F14 Biosphere-Paneele werden mit Schussgewebe hergestellt, wie auf dem Bild zu sehen.

Der Wert für die Breite muss immer kleiner sein als der Wert für die Höhe.

7MM166-316

Pannello fonoassorbente caratterizzato da un particolare drappeggio casuale del tessuto applicato a mano. Formato da un'anima interna con tecnologia Snowcustom e da un rivestimento esterno in tessuto acustico Snowsound Fiber Textile 3 mélange. Applicabile a parete tramite supporti magnetici 1 pezzo cod. 7ST378/6 (vedi pag. 235) oppure tramite attacchi semplici 2 pezzi cod. 7S377 (vedi pag. 235).

Sound-absorbing panel characterized by a particular random draping of the fabric, handcrafted. Made up of an internal core with Snowcustom technology and an external covering in Snowsound Fiber Textile 3 mélange acoustic fabric. Fixed to the wall using magnetic 1-piece brackets code 7ST378/6 (see page 235) or simple 2-piece brackets code 7S377 (see page 235).

Panneau anti-bruit caractérisé par un drapage particulier et aléatoire du tissu appliqué manuellement. Il est formé par une âme interne avec technologie Snowcustom et un revêtement externe en tissu anti-bruit Snowsound Fiber Textile 3 mélange. Applicabile au mur au moyen d'attaches magnétiques en 1 pièce code 7ST378/6 (voir page 235) ou de supports simples en 2 pièces code 7S377 (voir page 235).

Panel fonoabsorbente caracterizado por la presencia de un tejido drapeado aplicado a mano. Consta de una parte interior realizada con tecnología Snowcustom y de un revestimiento exterior en tejido acústico Snowsound Fiber Textile 3 melange. Aplicable en paredes mediante soportes magnéticos de 1 pieza código 7ST378/6 (ver pág. 235) o soportes simples de 2 piezas código 7S377 (ver pág. 235).

Schallabsorbierendes Paneel, das sich durch eine spezielle, zufällige Drapierung des Gewebes auszeichnet, das von Hand aufgezogen wird. Bestehend aus einem mit Snowcustom-Technologie hergestellten Innenkern und einem äußeren Bezug aus akustischem Snowsound Fiber Textile 3 Mélange. Kann mit magnetischen 1-teiligen Halterungen Code 7ST378/6 (siehe Seite 235) oder einfachen 2-teiligen Halterungen Code 7S377 (siehe Seite 235) an der Wand montiert werden.

Elementi fonoassorbenti rigidi applicabili a parete. Composti da fibre di poliestere ricoperte da un particolare sistema di fissaggio a caldo con un tessuto acustico Snowsound Fiber Textiles. Possono essere applicati a parete affiancati uno all'altro mantenendo la continuità del disegno. La texture in rilievo dona matericità e caratterizza il pannello.

Rigid sound-absorbing elements for walls. The panels are made of polyester fibre with special heat-applied coating and sound-absorbing Snowsound Fiber Textiles. They can be attached side-by-side to maintain the pattern continuity of the wall space. A special characteristic of these panels is the materiality and feel of the embossed fabric.

Il s'agit d'éléments muraux rigides phono-absorbant. Composés de fibres de polyester recouvertes d'un système spécial de fixation à chaud avec un tissu acoustique Snowsound Fiber Textiles. Ils peuvent être appliqués sur les murs côte à côte, tout en conservant la continuité du motif. La texture en relief confère de la matérialité et caractérise le panneau.

Elementos fonoabsorbentes rígidos de pared, compuestos por fibras de poliéster recubiertas con tejido acústico Snowsound Fiber Textiles mediante un sistema especial de fijación en caliente. Se pueden disponer de manera contigua a lo largo de la pared para preservar la continuidad del diseño. El panel está caracterizado por su textura en relieve, que le confiere materialidad.

Formstabile, schallabsorbierende Elemente zur Wandmontage. Sie bestehen aus Polyesterfasern, die mithilfe eines thermischen Verfahrens mit einem Akustikstoff aus Snowsound-Faser verbunden sind. Die Paneele lassen sich lückenlos nebeneinander anbringen, sodass ein durchgehendes Design entsteht. Die strukturierte Oberfläche verleiht dem Produkt Tiefe und eine markante Optik.

Pannelli fonoassorbenti applicabili a parete. I pannelli sono composti da fibre di poliestere ricoperte mediante un particolare sistema di fissaggio a caldo con un tessuto Snowsound Fiber 3 Mélange. I pannelli possono essere incollati a parete affiancati uno all'altro mantenendo la continuità del disegno e possono essere tagliati in cantiere per adattarsi alle diverse esigenze di posa.

Sound-absorbing panels applicable to walls. The panels are made of polyester fibers covered using a particular hot fixing system with a Snowsound Fiber 3 Mélange fabric. The panels can be glued to the wall side by side, maintaining the continuity of the design and can be cut on site to adapt to different installation needs.

Panneaux phono-absorbant applicables au mur. Les panneaux sont composés de fibres de polyester recouvertes d'un système spécial de fixation à chaud avec un tissu Snowsound Fiber 3 Mélange. Les panneaux peuvent être collés au mur l'un à côté de l'autre en gardant la continuité du motif et peuvent être coupés sur place pour répondre aux différentes exigences de pose.

Paneles fonoabsorbentes aplicables en la pared. Los paneles constan de fibras de poliéster revestidas mediante un especial sistema de fijación en caliente con un tejido Snowsound Fiber 3 melange. Los paneles pueden aplicarse en las paredes uno al lado del otro, manteniendo la continuidad del dibujo y/o pueden cortarse en fábrica para amoldarse a las distintas necesidades de montaje.

Schallabsorbierende Wandpaneele. Die Paneele bestehen aus Polyesterfasern, die mit einem speziellen Wärmefixierungssystem mit einem Snowsound Fiber 3 Mélange-Gewebe überzogen werden. Die Paneele können nebeneinander an die Wand geklebt werden, um ein einheitliches Design zu schaffen, und lassen sich vor Ort zuschneiden, um sie an unterschiedliche Montageanforderungen anzupassen.

**7LGH15-BO**

Apparecchio di illuminazione a sospensione fornito di 3 sorgenti luminose a LED ciascuna da 10W, 3000K, con accensione unica. Corpi illuminanti realizzati in alluminio verniciato e dotati di cavo di alimentazione con lunghezza modificabile (L. max. 390 cm) per posizionare le lampade ad altezze differenti. Le sorgenti luminose arretrate garantiscono un comfort visivo ottimale. Per codici 7CLR873-XXX - 7CLR8203-XXX - 7MIL80-XXX - 7MIL120-XXX.

Suspended lighting fixture with 3 LED lights with 10W output, 3000K and single switch. Light fixture made of painted aluminium, with a length-adjustable power cable (max. extension 390 cm) for setting luminaires at different heights. The recessed light sources offer optimal visual comfort. For codes 7CLR873-XXX - 7CLR8203-XXX - 7MIL80-XXX - 7MIL120-XXX.

Appareil d'éclairage à suspension fourni avec 3 sources lumineuses à LED de 10W chacune, 3000K, avec allumage unique. Les corps lumineux sont en aluminium peint et équipés d'un câble d'alimentation d'une longueur modifiable (L. Max 390 cm) pour positionner les lampes à des hauteurs différentes. Les sources lumineuses en retrait assurent un confort visuel optimal. Pour art. 7CLR873-XXX - 7CLR8203-XXX - 7MIL80-XXX - 7MIL120-XXX.

Aparato de iluminación colgante, que viene con 3 fuentes de luz de LED (de 10W cada una, 3000K, con encendido único). Los cuerpos de iluminación de aluminio pintado constan de un cable de alimentación, cuyo largo se puede modificar (L. máx. 390 cm) para ubicar las lámparas a alturas diferentes. Las fuentes de luz desplazadas hacia atrás garantizan un confort visual excelente. Para códigos 7CLR873-XXX - 7CLR8203-XXX - 7MIL80-XXX - 7MIL120-XXX.

Hängeleuchte mit 3 LED-Lichtquellen, jede zu 10W, 3000K mit gleichzeitiger Einschaltung. Die Leuchtkörper sind aus lackiertem Aluminium gefertigt und mit einem längenverstellbaren Stromkabel (L. max. 390 cm) ausgestattet, um die Lampen in verschiedenen Höhen zu positionieren. Die versenkten Lichtquellen sorgen für optimalen Sichtkomfort. Für Art. 7CLR873-XXX - 7CLR8203-XXX - 7MIL80-XXX - 7MIL120-XXX.

Oggetto decorativo acustico fonoassorbente realizzato con tessuti in poliestere **Snowsound-Fiber 6 Velvet**. Anima centrale in conglomerato ligneo. Completo di cavo e attacco a soffitto in metallo dotato di cuscinetto a sfere che consente la rotazione libera dell'intero oggetto.

Sound absorbing acoustic decorative object made of **Snowsound-Fiber 6 Velvet** polyester fabric. Central core in wood conglomerate. With steel cable and ceiling attachment equipped with metal ball bearing that allows free rotation of the entire object.

Objet décoratif phono-absorbant en tissu de polyester **Snowsound-Fiber 6 Velvet**. Noyau central en conglomerat de bois. Avec câble en acier et fixation au plafond en métal avec roulement à billes pour la libre rotation de l'objet entier.

Objeto decorativo acústico fonoabsorbente que se realizó con tela de poliéster **Snowsound-Fiber 6 Velvet**. Bastidor central de aglomerado de madera. Completo de cable de acero y fijación en el techo de metal equipado con rodamiento de bolas que permite la libre rotación de todo el objeto.

Schalldämpfendes Dekor-Objekt aus Polyester-Gewebe **Snowsound-Fiber 6 Velvet**. Zentrales Gestell aus Holzkonglomerat. Mit Stahlseile und Deckenhalterung aus Metall mit Kugellager, wodurch die vollständige freie Rotation des Objekts ermöglicht wird.

7KL3-801

Elemento fonoassorbente costituito da 2 strati sovrapposti di tessuto fonoassorbente in poliestere **Snowsound Fiber 8 Bouclé**: lo strato anteriore si presenta tridimensionale grazie a particolari “pinces” ripetute modularmente e trattenute da clip in acciaio inox.

Sound-absorbing element consisting of 2 overlapping layers of **Snowsound-Fiber 8 Bouclé** polyester sound-absorbing fabric. The three-dimensional effect of the outer layer is obtained through the “pleats” in the fabric that are held in place by stainless steel clips in a pattern that is repeated in each modular.

Élément phono-absorbant comprenant 2 couches superposées de tissu phono-absorbant en polyester **Snowsound Fiber 8 Bouclé**: la couche antérieure est tridimensionnelle grâce à des pinces particulières répétées de manière modulaire et retenues par des clips en acier inoxydable.

Elemento fonoassorbente, que consta de 2 capas superpuestas de tejido fonoabsorbente de poliéster **Snowsound Fiber 8 Bouclé**: la capa delantera tiene un aspecto tridimensional, gracias a unas “pinzas” particulares que se repiten modularmente y se fijan mediante un clip de acero inoxidable.

Schallabsorbierendes Element aus 2 übereinanderliegenden Lagen schallabsorbierendem **Snowsound Fiber 8 Bouclé**-Polyestergewebe: Die vordere Lage ist dreidimensional dank spezieller „Abnäher“, die sich modular wiederholen und von Edelstahlclips gehalten werden.

PREMIO

COMPASSO D'ORO ADI

2022

7KC3-801
3 pz./pcs

Elemento fonoassorbente applicabile a parete tramite una struttura in acciaio e un magnete, che ne consentono anche la rotazione per fissarlo nella posizione desiderata.
Realizzato in poliester rivestito con tessuto Snowsound Fiber 8 Bouclé.
Confezione da 3 pezzi.

Sound-absorbing element that can be applied to walls with a magnetic attachment that allows rotation to the desired angle.
Made of polyester covered with Snowsound Fiber 8 Bouclé fabric.
Box of 3 pcs.

Élément d'absorption acoustique pouvant être fixé au mur à l'aide d'un crochet magnétique, permettant également de le faire pivoter pour le positionner avec l'inclinaison souhaitée. Fabriqué en polyester recouvert de tissu Snowsound Fiber 8 Bouclé. Paquet de 3.

Elemento fonoabsorbente de pared dotado de un dispositivo de fijación magnético que permite girarlo y posicionarlo con el ángulo de inclinación deseado. Elaborado en poliéster recubierto con tejido Snowsound Fiber 8 Bouclé. Paquete de 3.

Cusi ist ein schallabsorbierendes Wandelement mit magnetischer Befestigung, das sich je nach individuellen Anforderungen neigen lässt.
Das Polyesterelement ist mit dem Snowsound Fiber 8 Bouclé -Stoff bezogen. 3er-Packung.

INFORMAZIONI TECNICHE:

Tende realizzate con tessuti fonoassorbenti Snowsound Fiber, prodotte su misura in base alle specifiche esigenze del cliente.

- L'attacco della tenda è da intendersi a soffitto o a parete
- La tipologia di apertura della tenda è da intendersi a strappo (a mano, senza meccanismi) per le versioni DRAPERY o con comando manuale a catenella per la versione a rullo roller shades.
- Considerata la lavorazione artigianale di Snowcurtains, la tolleranza minima della tenda è di circa 1 cm sia in larghezza sia in altezza.
- Binario compreso nel prezzo

Per dimensioni e finiture non compresi in questo listino prezzi, contattare il nostro ufficio commerciale.

CONDIZIONI COMMERCIALI - Considerata la lavorazione artigianale di Snowcurtains, è richiesto un anticipo del 50% del valore al momento dell'ordine.

TECHNICAL INFORMATION:

Curtains made with Snowsound Fiber sound-absorbing fabrics, custom-made according to specific customer requirements.

- The curtain is fixed to ceiling or wall.
- The type of curtains opening is by pull (by hand, without mechanisms) for the DRAPERY versions or by manual chain control for the roller shades version.
- Due to the handcrafted manufacture of Snowcurtains, the minimum tolerance of the curtains is approximately 1 cm in both width and height.
- Track included in the price.

For dimensions and finishings non included in this price list, please contact our sales department.

SALES CONDITIONS - Due to the handcrafted manufacture of Snowcurtains, an advance payment of 50% of the value is required at the order confirmation.

INFORMATIONS TECHNIQUES:

Rideaux fabriqués à partir de tissus phono absorbants Snowsound Fiber, fabriqués sur mesure selon les besoins spécifiques du client.

- La fixation du rideau est prévue au plafond ou au mur.
- Le type d'ouverture du rideau est par traction (à la main, sans mécanismes) pour les versions DRAPERY ou par ouverture manuelle à chaîne pour la version stores à enrouleurs.
- En raison de la fabrication artisanale de Snowcurtains, la tolérance minimale des rideaux est d'environ 1 cm en largeur et en hauteur.
- Rail inclus dans le prix.

Pour dimensions et finitures ne figurant pas dans cette liste de prix, veuillez contacter notre service commercial.

CONDITIONS COMMERCIALES - En raison de la fabrication artisanale de Snowcurtains, un acompte de 50 % de la valeur est demandé au moment de la commande.

INFORMACIÓN TÉCNICA:

Cortinas fabricadas con tejidos fonoabsorbentes Snowsound Fiber, hechas a medida según los requisitos específicos del cliente.

- La conexión de la cortina está prevista a techo o a pared
- El tipo de apertura de la cortina es por tracción (a mano, sin mecanismos) para las versiones DRAPERY o por mando manual de cadena para la versión enrollable.
- Debido a la fabricación artesanal de Snowcurtains, la tolerancia mínima de las estas es de aproximadamente 1 cm, tanto de ancho como de alto.
- Riel incluido en el precio.

Para dimensiones y finituras no incluidos en esta lista de precios, contacte con nuestro departamento de ventas.

CONDICIONES DE VENTA: - Debido a la fabricación artesanal de Snowcurtains, se requerirá un anticipo del 50% del total a la realización del pedido.

TECHNISCHE INFORMATION:

Vorhänge aus schallabsorbierenden Stoffen von Snowsound Fiber, die nach spezifischen Kundenwünschen gefertigt werden.

- Der Vorhanganschluss ist für eine Decken- oder Wandschiene vorgesehen.
- Die Art der Öffnung des Vorhangs ist Manuelle (von Hand, ohne Mechanismus) für die DRAPERY-Versionen oder durch manuelle Kettensteuerung für die Rolladenversion.
- Es ist bei den Snowcurtains Vorhängen mit einer Mindesttoleranz von ca. 1 cm in Breite und Höhe gegenüber den Maßvorgaben des Bestellers zu rechnen, da es Handwerksprodukte sind.
- Die Schiene ist im Preis inbegriffen.

Für Abmessungen und Farben die nicht in dieser Preisliste enthalten sind, wenden sie sich bitte an unsere Verkaufsabteilung

VERKAUFSBEDINGUNGEN - Da es sich bei den Snowcurtains Vorhängen ausschließlich um Sonderanfertigungen gemäß Kundenvorgaben handelt, ist zum Zeitpunkt der Bestellung eine Anzahlung von 50 % des Warenwertes erforderlich.

FIBER 7 VELO

Tessuto acustico leggero e semi-trasparente, satinato e brillante, caratterizzato da una texture fine in tinta unita, con lievi fiammature di colore. L'effetto "VELO" elimina le barriere visive tra outdoor e indoor. Il tessuto presenta due lati diversi, uno più opaco rivolto all'interno della stanza e uno più lucido e riflettente rivolto verso la finestra per migliorare il comfort termico e la sostenibilità energetica.

Lightweight and semi-transparent acoustic fabric, satin and shiny, characterized by a fine texture in solid colour, with light colour effects. The "VELO" (veil) effect eliminates visual barriers between outdoor and indoor. The fabric has two different sides, a more opaque one facing inside and a more shiny and reflective one facing the window. This improves thermal comfort and energy sustainability.

Tissu phono-absorbant léger, semi-transparent, satiné et brillant, caractérisé par une texture fine dans des couleurs unies, avec de légers éclats de couleur. L'effet "VOILE" élimine les barrières visuelles entre l'extérieur et l'intérieur. Le tissu a deux côtés différents, un plus opaque orienté vers l'intérieur de la pièce et l'autre plus brillant, plus réfléchissant, orienté vers la fenêtre, afin d'améliorer le confort thermique et la durabilité énergétique.

Tejido acústico ligero y semi-transparente, satinado y brillante, caracterizado por una fina textura de color liso, con colores suavemente flameados. El efecto "VELO" elimina las barreras visuales entre exteriores e interiores. El tejido presenta dos caras distintas: una mate hacia el interior de la habitación y otra brillante mirando hacia la ventana para mejorar el confort térmico y la sostenibilidad energética.

Leichtes, halbtransparentes, satiniertes und glänzendes Akustikgewebe, das sich durch eine feine Struktur in Unifarben oder mit leichten Farbakzenten auszeichnet. Der Schleier-Effekt hebt visuelle Barrieren zwischen Außen- und Innenräumen. Das Gewebe hat zwei leicht unterschiedliche Seiten, eine mattere Seite zum Rauminnen hin und eine glänzendere, reflektierende Seite in Richtung Fenster, um den Wärmekomfort und die energetische Nachhaltigkeit zu verbessern.

FIBER 16 THERMO

Il tessuto fonoassorbente FIBER 16 Thermo contribuisce a mantenere il confort termico degli ambienti. Durante la stagione estiva, il lato riflettente rivolto verso la fonte solare ostacola il passaggio di energia termica; nella stagione invernale, il lato rivolto all'interno dell'ambiente, limita la dispersione del calore, contemporaneamente il lato riflettente contribuisce a trattenere il calore all'interno. Un elemento d'arredo utile anche ai fini del risparmio energetico.

FIBER 16 Thermo sound-absorbing fabric helps to keep rooms at the right level of thermal comfort. In summertime, the reflective side facing the sun prevents thermal energy from entering. In wintertime, the side facing inwards limits thermal loss while the reflecting side helps trap the heat inside. A piece of interior design that also saves energy.

Le tissu phono-absorbant FIBER 16 Thermo contribue à maintenir le confort thermique dans les pièces. Pendant l'été, la face réfléchissante orientée vers la source solaire entrave le passage de l'énergie thermique ; pendant l'hiver, la face orientée vers l'intérieur de la pièce limite la dispersion de la chaleur, tandis que la face réfléchissante aide à conserver la chaleur à l'intérieur. Il s'agit d'un élément d'ameublement également utile pour des économies d'énergie.

El tejido fonoabsorbente FIBER 16 contribuye a mantener el confort térmico de los espacios. Durante el verano, la cara reflectante orientada hacia la luz solar obstaculiza el paso de la energía térmica; en invierno, la cara orientada hacia el interior de la habitación limita la pérdida de calor mientras la cara reflectante ayuda a retenerlo en el interior. Un elemento del mobiliario que también reduce el consumo energético.

Der schallabsorbierende Stoff FIBER 16 Thermo trägt zur Aufrechterhaltung eines angenehmen Raumklimas bei. In den Sommermonaten reflektiert die zur Sonne gerichtete Seite das Eindringen von Wärmeenergie. Im Winter hingegen vermindert die zur Rauminnenseite gewandte Fläche den Wärmeverlust, während die reflektierende Außenschicht hilft, die Wärme im Raum zu halten. Ein Gestaltungselement, das nicht nur optisch überzeugt, sondern auch zur Energieeinsparung beiträgt.

*Colori per i quali è prevista una maggiorazione di prezzo fino al 10% - *Colours for which there is up to 10% price premium - *Couleurs pour lesquelles il y a une majoration de prix jusqu'au 10%.-

*colores para los que hay un sobreprecio hasta el 10 - *Farben, für die ein Preisaufschlag bis von 10 % gilt.

WALL / CEILING

Tende a rullo con comando a catenella, realizzate in tessuto acustico Snowsound Fiber 2R. Il sistema è realizzato in alluminio, acciaio e tecnopolimero e può essere fissato direttamente a parete/soffitto.

Roller shades with chain movement, made of Snowsound Fiber 2R acoustic fabric. The system is made of aluminium, steel and high-tech polymer. It can be fixed directly to the wall/ceiling.

Stores enrouleurs avec commande à chaînette assemblés avec le tissu acoustique Snowsound Fiber 2R. Le système est réalisé en aluminium, acier et technopolymère et peut être appliqué directement au mur ou au plafond.

Cortinas enrollables con cadena, realizadas en tejido acústico Snowsound Fiber 2R. El sistema de aluminio, acero y tecnopolímero puede colocarse directamente en la pared o al techo.

Rollos mit Kettenzug, hergestellt aus Snowsound Fiber 2R Akustikstoff. Das System ist aus Aluminium, Stahl und Technopolymer gefertigt und kann direkt an der Wand/Decke befestigt werden.

COME ORDINARE UNA TENDA CON IL SOFTWARE SNOWCURTAINS:

Inquadrare/cliccare il QR CODE

Inserire le proprie credenziali per accedere alla sezione Snowsound > Snowcurtains - Acoustic Curtains > Acoustic Curtain configurator dell'area riservata.

Selezionare la tipologia di tenda desiderata e compilare i dati richiesti per ottenere codice e prezzo.

HOW TO ORDER A CURTAIN WITH THE SNOWCURTAINS SOFTWARE:

Frame/click the QR CODE

Enter your credentials to access the Snowsound > Snowcurtains - Acoustic Curtains > Acoustic Curtain configurator section of the restricted area.

Select the type of curtain you want and fill in the required data to get code and price.

COMMENT COMMANDER UN RIDEAU AVEC LE LOGICIEL SNOWCURTAINS:

Cadrez/cliquez le QR CODE.

Saisissez vos identifiants pour accéder à la section Snowsound >

Snowcurtains - Acoustic Curtains > Acoustic Curtain configurator de la zone réservée.

Sélectionnez le type de rideau souhaité et remplissez les données requises pour obtenir le code et le prix.

CÓMO PEDIR UNA CORTINA CON EL SOFTWARE SNOWCURTAINS:

Encuadre/haga clic en el QR CODE.

Introduzca sus credenciales para acceder a la sección Snowsound > Snowcurtains - Acoustic Curtains > Configurador de cortinas acústicas del área reservada.

Seleccione el tipo de cortina deseada y rellene los datos necesarios para obtener el código y el precio

WIE BESTELLEN EINEN VORHANG MIT DER SNOWCURTAINS-SOFTWARE:

Klicken Sie auf den QR CODE

Geben Sie Ihre Anmeldedaten ein, um auf den Abschnitt Snowsound > Snowcurtains - Acoustic Curtains > Acoustic Curtain configurator des reservierten Bereichs zuzugreifen.

Wählen Sie den gewünschten Vorhangtyp und geben Sie die erforderlichen Daten ein, um den Code und den Preis zu erhalten.

Biosphere è un tessuto fonoassorbente che rappresenta un incontro tra tecnologia e natura, con prestazioni acustiche derivate da una rigorosa ricerca unite a un'estetica ispirata alla natura: una palette cromatica che rispecchia la pluralità e la diversità della vita sulla Terra. La matericità di Biosphere è apprezzabile attraverso più canali sensoriali: alla vista e al tatto compete la valorizzazione del suggestivo bilanciamento cromatico oltre alle complesse trame tessili, mentre la tecnologia Snowsound-Fiber Textile conferisce al manufatto la peculiare funzione acustica.

Biosphere is a sound-absorbing fabric born from the fusion of technology and nature. Its acoustic performance is the result of rigorous research, and its nature-inspired appearance is characterized by a range of colours that reflect the plurality and diversity of life on Earth. The materiality of Biosphere appeals to several senses at once. Sight and touch are simultaneously engaged by the balanced colour scheme and the complex textures of the fabric, while the special acoustic functions of the product are achieved thanks to the inbuilt Snowsound-Fiber Textile technology.

Biosphère est un tissu phono-absorbant fruit de la rencontre entre la technologie et la nature, avec des performances acoustiques issues d'une recherche rigoureuse combinée à une esthétique s'inspirant de la nature : une palette de couleurs qui reflète la pluralité et la diversité de la vie sur Terre. La matérialité de Biosphère peut être appréciée à travers plusieurs canaux sensoriels : la vue et le toucher sont responsables de la mise en valeur de l'équilibre évocateur des couleurs ainsi que des trames complexes des tissus, tandis que la technologie Snowsound-Fiber Textile confère au produit sa fonction acoustique qui le caractérise.

Biosphere es un tejido fonoabsorbente que representa la fusión entre tecnología y naturaleza, con prestaciones acústicas que derivan de una investigación rigurosa combinadas con una estética de inspiración natural: una gama de colores que refleja la pluralidad y diversidad de la vida en la Tierra. La materialidad de Biosphere se percibe a través de diversos canales sensoriales: la vista y el tacto aprecian el sugestivo equilibrio cromático y los complejos entramados textiles, mientras que la tecnología Snowsound-Fiber Textile confiere al artículo su exclusiva función acústica.

Biosphere ist ein schallabsorbierender Stoff, der Technik und Natur auf harmonische Weise vereint. Die akustischen Eigenschaften basieren auf intensiver Forschung, während sich das Design an der Vielfalt der Natur inspiriert: eine Farbpalette, die die bunte Vielfalt und die Diversität des Lebens auf der Erde widerspiegelt. Die Materialität von Biosphere ist auf mehreren Ebenen spürbar – sowohl visuell als auch haptisch. Das Spiel aus ausgewogener Farbgestaltung und komplexer Textur wird durch die innovative Snowsound-Fiber Textile-Technologie ergänzt, die dem Stoff seine einzigartige akustische Funktion verleiht.

CONDIZIONI GENERALI DI VENDITA

1. Il presente listino annulla e sostituisce i precedenti e non costituisce offerta.
2. I prezzi dei prodotti possono essere variati dalla venditrice in qualsiasi momento senza preavviso; tutti i prezzi non sono comprensivi di montaggio.
3. La venditrice si riserva la facoltà di modificare, a proprio insindacabile giudizio e senza preavviso alcuno, i materiali costruttivi, le caratteristiche tecniche ed estetiche, nonché le dimensioni dei prodotti.
4. Le immagini dei prodotti sono puramente indicative.
5. La vendita è regolata, oltre che dalle condizioni particolari volta a volta pattuite, dalle presenti condizioni generali, che si reputano conosciute dall'acquirente; eventuali clausole derogatorie a quanto previsto nelle presenti condizioni generali di vendita devono risultare per iscritto.
6. Le proposte d'acquisto e/o gli ordini dell'acquirente sono condizionati all'accettazione espressa o all'inizio dell'esecuzione del contratto da parte della venditrice, nei casi in cui ciò sia consentito. Qualsiasi successiva modifica al contratto di vendita non sarà valida e vincolante ove non risulti da atto scritto e sottoscritto dalla parte nei cui confronti tale modifica viene invocata.
7. Conformemente all'articolo 1510 codice civile, la consegna dei beni venduti si ha con la rimessione degli stessi al vettore o allo spedizioniere, sicché i beni stessi viaggiano a rischio e pericolo dell'acquirente; ciò vale anche nei casi in cui la merce venga venduta franco arrivo all'indirizzo dell'acquirente. Ogni eventuale richiesta, reclamo e/o azione relativi alla spedizione o al trasporto della merce dovrà essere promossa dall'acquirente direttamente nei confronti dello spedizioniere o del vettore. Ogni eventuale danno, perdita o avaria dei beni venduti dipendente dalla spedizione o dal trasporto dei medesimi non esonera l'acquirente dal pagamento del prezzo convenuto.
8. Il termine di consegna è indicativo e non tassativo; lo stesso potrà essere ritardato senza alcun obbligo di indennizzo o risarcimento di eventuali danni diretti o indiretti subiti dall'acquirente per la ritardata consegna e senza che ciò possa comunque comportare la risoluzione del contratto di vendita per inadempimento della venditrice.
9. Fatti salvi i casi di forza maggiore, in caso di scioperi ed in tutti gli altri casi che impediscano temporaneamente alla venditrice di regolarmente adempiere al contratto di vendita, è fatto salvo il diritto della medesima venditrice di recedere dal contratto, senza che l'acquirente sia legittimato ad eventuali pretese di danno, fatta salva nell'ipotesi di recesso la restituzione di quanto eventualmente versato a titolo di acconto.
10. Il pagamento del prezzo di vendita dei prodotti dovrà avvenire presso la sede della venditrice. In caso di pagamento ritardato, l'acquirente sarà automaticamente costituito in mora e sarà tenuto al pagamento degli interessi nella misura e con la decorrenza stabilita dal D.Lgs. 231/2002 per i ritardi di pagamento nelle transazioni commerciali.
11. La venditrice non risponde degli eventuali vizi dei prodotti conosciuti o conoscibili da parte dell'acquirente, che non abbia immediatamente respinto la merce. Le contestazioni od i reclami sulle quantità dei prodotti devono essere segnalate all'atto della consegna, con annotazione sul relativo documento di trasporto. La eventuale sostituzione del prodotto non significa accettazione della contestazione o del reclamo. L'accredito all'acquirente verrà fatto solo dopo la restituzione dei prodotti difettosi ed a condizione che sia stata riconosciuta o altrimenti accertata la responsabilità dalla venditrice.
12. I disegni, i modelli, i grafici e le altre informazioni tecniche dei prodotti oggetto di vendita, così come i campioni, i cataloghi, le fotografie e materiali simili, rimangono sempre di proprietà intellettuale della venditrice e non possono pertanto essere copiati, né trasmessi ad altri, né utilizzati in altro modo.
13. Le somme versate a titolo di caparra confirmatoria potranno essere ritenute dalla venditrice in caso di revoca dell'ordine e/o in ogni altro caso di inadempimento dell'acquirente che giustifichi il recesso della venditrice, salvo il diritto di chiedere l'adempimento del contratto e salvo altresì il diritto di chiedere il risarcimento del maggiore danno. Per converso, nel caso di adempimento da parte dell'acquirente dei propri obblighi contrattuali, le somme da questi versate a titolo di caparra confirmatoria saranno imputate al pagamento del prezzo; le stesse, così come gli eventuali acconti, saranno comunque infruttifere di interessi.
14. L'eventuale tolleranza di una delle parti di comportamenti dell'altra posti in essere in violazione delle clausole che regolano la vendita non costituisce rinuncia ai diritti derivanti dalle clausole violate né al diritto di esigere l'esatto adempimento di tutti i termini e condizioni previsti dal contratto di vendita.
15. La venditrice mantiene la proprietà dei prodotti consegnati fino al completo pagamento del prezzo indicato in fattura. Fino a tale data i prodotti consegnati sono considerati solo come depositati presso l'acquirente. Quest'ultimo si accolla quindi il rischio di danni che i prodotti depositati possano subire imputabili a qualsiasi causa.
16. L'acquirente è invitato a prestare particolare attenzione sul fatto che non tutti i prodotti riportati nel presente listino sono compatibili con il mercato statunitense o con quello canadese. Conseguentemente, qualora l'acquirente intendesse utilizzare o esportare detti prodotti negli Stati Uniti d'America e/o, in ogni caso, in qualsiasi altro paese extra UE, è obbligato a preventivamente contattare l'ufficio commerciale della venditrice per avere la conferma che il prodotto interessato risponda a tutti i requisiti tecnici ed agli standard legali previsti a tutela dei consumatori finali del mercato di destino. La venditrice declina ogni responsabilità conseguente alle iniziative assunte dall'acquirente senza essere stata preventivamente informata ed indipendentemente dall'eventuale autorizzazione scritta della venditrice all'esportazione e/o all'uso del prodotto in un paese extra UE.
17. L'acquirente è tenuto ad informare i propri clienti e/o gli utilizzatori finali sulle caratteristiche del prodotto al fine di ridurre al minimo il rischio di un uso improprio che potrebbe esporre la venditrice a possibili ragioni di danno. In difetto di tale attività informativa preventiva, l'acquirente esonera espressamente la venditrice da qualsiasi ipotetica responsabilità.
18. La venditrice garantisce la conformità dei prodotti alle specifiche indicate nella conferma d'ordine, fatte salve le tolleranze ritenute accettabili dalla produzione industriale.
19. La venditrice non garantisce l'idoneità dei prodotti per scopi particolari e/o usi speciali, salvo specifica richiesta dell'acquirente espressamente accettata per iscritto dalla venditrice e riportata nella relativa conferma d'ordine; l'acquirente deve assicurarsi che gli eventuali standard specifici e/o requisiti legali richiesti siano specificati nella relativa conferma d'ordine della venditrice.
20. Le informazioni della venditrice sull'idoneità specifica dei prodotti sono puramente indicative.
21. Eventuali attività di assistenza e/o calcolo effettuate dalla venditrice sui prodotti, sono da considerarsi puramente indicative e non vincolanti costituendo un mero suggerimento sul posizionamento di massima dei prodotti, ogni dato suggerito deve essere in ogni caso verificato compiutamente dall'acquirente; va da sé che trattandosi comunque di meri suggerimenti non vincolanti, la venditrice non si assume alcuna responsabilità sui risultati di tali attività.
22. Poiché le applicazioni dei prodotti fatte dall'acquirente sono fuori dal controllo della venditrice, quest'ultima non è responsabile per l'uso effettivo dei prodotti; la venditrice non è responsabile per eventuali danni e/o perdite derivanti dall'applicazione non corretta o insolita dei prodotti.
23. In considerazione della particolarità dei prodotti Snowsound-Fiber, sebbene la venditrice si sforzi di mantenere alti livelli di qualità, sono da ritenersi accettabili tre difetti ogni 25 metri con altezza del rotolo fino a 150 cm ed il doppio dei difetti per rotolo con altezza superiore ai 280 cm; la venditrice si riserva comunque la facoltà di scontare per ogni difetto riscontrato una quantità di materiale ritenuta idonea a compensare la difettosità accertata. Non sono accettati resi per prodotti e/o pezzi tagliati a misura.
24. L'annullamento di un ordine da parte dell'acquirente è consentito solo in casi eccezionali e previo consenso scritto da parte della venditrice.
25. Nel caso di ordini di prodotti e/o colori fuori standard l'acquirente deve acquistare l'intera produzione effettuata appositamente.
26. Salvo diversa pattuizione e salvo il caso di dolo, la responsabilità della venditrice per i prodotti venduti è limitata ad un importo pari a tre volte il valore della conferma d'ordine, anche in caso di colpa grave.
27. Tutte le controversie che dovessero insorgere in relazione alla vendita, suoi atti modificativi ed esecutivi, comprese quelle inerenti alla validità, efficacia, interpretazione, esecuzione e risoluzione del contratto, saranno devolute alla competenza esclusiva del Foro di Milano.
28. In ogni caso, prima di procedere all'acquisto dei prodotti è necessario consultare le condizioni di vendita, le caratteristiche tecniche e le seguenti ulteriori:

AVVERTENZE

- prima di procedere all'installazione dei prodotti è necessario verificare la portanza della parete/pavimento/superficie su cui verranno collocati i prodotti assicurandosi che siano idonei al tipo di utenza e/o di utilizzo a cui sono destinati;
- i prodotti non sono idonei all'uso da parte di bambini;
- i prodotti non sono idonei ad essere utilizzati in ambienti esterni;
- i prodotti applicati a parete/pavimento/superficie prevedono l'installazione con dispositivi di ancoraggio che non compaiono nelle illustrazioni del catalogo;
- i prodotti devono essere montati e/o installati esclusivamente da personale tecnico competente utilizzando strumenti ed attrezzi adatti allo scopo;
- prima di procedere al montaggio ed all'installazione dei prodotti è necessario leggere attentamente le istruzioni allegate ai prodotti, prestando particolare attenzione sia alle avvertenze che ai disegni esplicativi; qualora le istruzioni non fossero allegate contattare l'ufficio tecnico della venditrice;
- per fissare i prodotti a parete/pavimento/superfici, è necessario utilizzare dei dispositivi di fissaggio adeguati ed in grado di resistere alle forze generate; in ogni caso è necessario utilizzare degli elementi di sostegno idonei a reggere ogni singola struttura;
- in caso di installazione non corretta e/o in caso di superamento dei carichi massimi indicati nel presente listino e/o nelle istruzioni allegate ai singoli prodotti, si potrebbe creare una situazione di pericolo, i prodotti potrebbero crollare, cadere e causare danni a cose e/o persone: non superare mai i carichi evidenziati;
- in caso di dubbi sulle modalità di installazione e/o sulla portanza della parete/pavimento/superficie su cui verrà collocato il prodotto non procedere alla installazione;
- attenersi alle istruzioni e alle composizioni riportate nel presente listino; per composizioni differenti e/o per ulteriori informazioni sui prodotti o sulle modalità di installazione degli stessi contattare l'ufficio tecnico della venditrice.
- leggere differenze di colore fra una partita e l'altra sono da considerarsi normali attese le tolleranze ritenute accettabili per la produzione industriale;
- Il testo facente fede è esclusivamente quello in lingua italiana, le traduzioni hanno la finalità esclusiva di semplificarne la lettura.

GENERAL TERMS OF SALE

1. This price list cancels and replaces the previous ones and is not a proposal.
2. The product prices may be changed by the vendor at any moment without prior notice; all prices are not inclusive of installation.
3. The vendor reserves the right to alter the construction materials, the technical and visual characteristics and also the dimensions of the products, at its own unquestionable discretion and without any prior notice.
4. Product images are purely indicative.
5. In addition to the specific terms agreed each time, sale is governed by these general terms, which are considered to be known by the purchaser; any clauses derogating from these general terms of sale must be in writing.
6. The purchaser's purchase proposals and/or orders are conditional upon the vendor expressly accepting or starting fulfilment of the agreement, in cases where this is permitted. Any subsequent amendment to the sales agreement will not be valid and binding unless entered in a written document signed by the party being asked to accept this amendment.
7. In compliance with article 1510 of the Italian Civil Code, delivery of the goods sold is with remittance thereon to the carrier or forwarder, so that the goods travel at the purchaser's risk and danger; this also applies in cases where the goods are sold free to the purchaser's address. Any other request, complaint and/or action relating to shipment or transport of the goods must be brought by the purchaser directly against the forwarder or the carrier. Any damage, loss or breakage of the goods sold which is attributable to shipment or transport thereof will not exempt the purchaser from liability for payment of the agreed price.
8. The delivery time is indicative and not binding; it may be delayed without any obligation of indemnity or compensation of any direct or consequential damages suffered by the purchaser as a result of late delivery and without this leading to termination of the sales agreement due to the vendor's non-fulfilment.
9. With the exception of cases of force majeure, in the case of strikes and all other cases which temporarily prevent the vendor from fulfilling the sales agreement properly, the vendor is entitled to withdraw from the agreement, without the purchaser being entitled to claim any damages, except for the repayment in the case of withdrawal, of any amount paid as an advance.
10. Payment of the sale price of the products must be made at the vendor's registered office. In the case of late payment, the purchaser will automatically be placed in arrears and will be required to pay interest in the amount and from the time required by Legislative Decree 231/2002 for late payment in commercial transactions.
11. The vendor is not liable for any defects of the products known or knowable to the purchaser, who has not immediately refused to accept delivery of the goods. Disputes or complaints over the product quantities must be notified upon delivery, with noting on the relative transport document. Replacement of the product does not signify acceptance of the claim or complaint. The purchaser will only be credited the amount after the faulty products have been returned and provided that the vendor's liability has been recognised or otherwise ascertained.
12. The drawings, models, graphs and other technical information on the products being sold, and also samples, catalogues, photographs and similar materials, always remain the intellectual property of the vendor and may not be copied, or transmitted to others, or used in any other way.
13. The amounts paid by way of a deposit may be withheld by the vendor if the order is cancelled and/or in all other cases of non-fulfilment by the purchaser which justifies the vendor's withdrawal, without prejudice to the right to request fulfilment of the agreement and also the right to demand compensation of greater damages. In contrast, if the purchaser fulfils its contractual obligations, the amounts paid by way of deposit will be allocated to payment of the price; said amounts, and all other advances, will be non-interest-bearing.
14. Any tolerance by one of the parties of the other's conduct which breaches the clauses governing sale does not constitute waiving of the rights deriving from the breached clauses nor the right to demand precise fulfilment of all the terms and conditions contained in the sales agreement.
15. The vendor maintains ownership of the products until complete payment of the price indicated on the invoice. Up until that date, the products delivered are considered as only held in deposit by the purchaser. The latter therefore accepts the risk of damages to the products deposited attributable to any cause.
16. The purchaser is invited to pay particular attention to the fact that not all products on the price list are compatible with the US or Canadian markets. Consequently, if intending to use or export said products into the USA and/or, in any case, into any other non-EU country, the purchaser is required to contact the vendor's sales office beforehand for confirmation that the product concerned satisfies all technical requirements and legal standards protecting final consumers on the market of destination. The vendor declines all liability consequent upon initiatives taken by the purchaser without it having been informed beforehand and irrespective of any written authorisation of the vendor for exportation to and/or use of the product in a non-EU country.
17. The purchaser is required to inform its own customers and/or final users of the product characteristics, in order to reduce to a minimum the risk of improper use which could expose the vendor to possible claims of damage. In the case of failure to provide this prior information, the purchaser expressly exempts the vendor from any hypothetical liability.
18. The seller guarantees the conformity of the products to the specifications indicated in the order confirmation, except for the tolerances considered acceptable in industrial production.
19. The seller does not guarantee the suitability of the products for particular purposes and/or special uses, unless specifically requested by the buyer and expressly accepted in writing by the seller with a statement in the relative order confirmation; the buyer must ensure that any specific standards and/or legal requirements are specified in the relative order confirmation of the seller.
20. The seller's information regarding specific suitability of the products is purely indicative.
21. Any eventual consulting and/or design activity and/or calculation carried out by the seller pertaining products is to be considered purely indicative and represents a simple suggestion concerning products' generic positioning, hence not binding. Each suggested fact must be fully verified by the buyer; the seller assumes no responsibility for the results of such activities.
22. Since the applications of the products made by the buyer are beyond the seller's control, the seller is not responsible for the actual use of the products; the seller is not responsible for any damage and/or loss resulting from incorrect or unusual application of the products.
23. In consideration of the particularity of Snowsound-Fiber products, although the seller strives to maintain high levels of quality, three defects are acceptable every 25 meters on rolls up to 150cm high and twice as many defects per roll with a height of more than 280 cm; the seller reserves the right to discount, for each defect found, a quantity of material considered suitable to compensate for the proven defect. No returns are accepted for products and/or pieces cut to size.
24. Cancellation of an order by the buyer is permitted only in exceptional cases and subject to prior written consent from the seller.
25. In case of orders containing non-standard products and/or colors, the buyer must purchase the entire production carried out specifically for this purpose.
26. Unless otherwise agreed and unless in case of fraud, the seller's liability for the products sold is limited to an amount equal to three times the value of the order confirmation, even in case of severe guilt.
27. Milan Court will be the sole court of competent jurisdiction for all disputes which may arise in relation to sale and any actions of amendment and enforcement thereof, including those relating to the validity, effectiveness, interpretation, fulfilment and termination of the agreement.
28. In any case, before purchasing the products, it is necessary to consult the terms of sale, technical characteristics and furthermore the following:

WARNINGS

- Before installing the products, check the bearing capacity of the wall/floor/surface on which the products will be positioned, ensuring they are suitable for the intended type of user/use.
- The products are not suitable for use by children.
- The products are not suitable for use outside.
- If the products are applied to the wall/floor/surface, they must be installed with anchoring devices (not shown in the catalogue).
- The products must be assembled and/or installed exclusively by skilled technical personnel, using instruments and tools appropriate for this purpose.
- Carefully read the instructions enclosed with the product before proceeding with assembly and installation, paying particular attention to the warnings and to the explanatory drawings; if the instructions are not attached, contact the vendor's technical office.
- Suitable attachment devices must be used to attach the products to the wall/floor/surfaces, which are strong enough to resist the forces generated; in any case, suitable supporting elements to support each individual element must be used.
- In the case of incorrect installation and/or weights exceeding the maximum loads indicated on this price list and/or the instructions attached to the individual products, a situation of danger could be created, the products could collapse, fall and cause damage to people and/or things: never exceed the loads indicated.
- Do not install the product in the case of any doubts over the methods of installation and/or bearing capacity of the wall/floor/surface on which the product is to be positioned.
- Comply with the instructions and compositions shown on this price list; for different compositions and/or further information on the products or installation methods, contact the vendor's technical office.
- Slight color differences between one lot and another have to be considered normal, within usual tolerances usually accepted for industrial productions.
- The authentic text is only in Italian, the translation has the mere purpose of simplifying the reading.

378 **CONDITIONS GENERALES DE VENTE**

1. Le présent catalogue des prix annule et remplace les précédents et ne constitue pas une offre.
2. Les prix des produits peuvent être changés par la venderesse à tout moment sans préavis; aucun prix ne comprend le montage.
3. La venderesse se réserve le droit de modifier, selon sa décision sans appel et sans aucun préavis, les matériaux servant à la construction, les caractéristiques techniques et esthétiques ainsi que les dimensions des produits.
4. Les images des produits sont fournies à titre purement indicatif.
5. La vente est réglementée, en plus des conditions particulières convenues à chaque fois, par les présentes conditions générales, qui sont considérées comme connues par l'acheteur; d'éventuelles clauses dérogatoires aux dispositions des présentes conditions générales de vente doivent être mises par écrit.
6. Les offres d'achat et/ou commandes de l'acheteur sont soumises à l'acceptation explicite ou au début de l'exécution du contrat par la venderesse, dans les cas où cela est possible. Aucune modification suivante au contrat de vente ne sera valide et contraignante sans acte écrit et signé par la partie contre laquelle cette modification est invoquée.
7. Conformément à l'article 1510 du code civil, la livraison des biens vendus se fait par la remise de ceux-ci au transporteur ou à l'expéditionnaire, de sorte que les dits biens voyagent aux risques et périls de l'acheteur; cette règle vaut aussi dans les cas où la marchandise est vendue franco adresse de l'acheteur. Toute éventuelle demande, réclamation et/ou action relative à l'expédition ou au transport de la marchandise devra être faite par l'acheteur directement à l'expéditionnaire ou au transporteur. Les éventuels dommages, perte ou avarie des biens vendus dépendant de leur expédition ou du transport n'exonèrent pas l'acheteur du paiement du prix convenu.
8. La date de livraison est indicative et non péremptoire; elle pourra être retardée sans aucune obligation d'indemnisation ou de dédommagement d'éventuels dommages directs ou indirects subis par l'acheteur à cause de la livraison retardée et sans que cela puisse de toute manière comporter la résiliation du contrat de vente pour inexécution de la venderesse.
9. Sauf les cas de force majeure, en cas de grèves et dans tous les autres cas qui empêchent temporairement la venderesse de remplir normalement le contrat de vente, la venderesse a le droit de résilier le contrat, sans pour autant que ce fait légitime l'acheteur à d'éventuelles prétentions de dommage, sauf, dans l'hypothèse de résiliation, la restitution des sommes éventuellement versées à titre d'acompte.
10. Le paiement du prix de vente des produits devra se faire au siège de la venderesse. En cas de paiement en retard, l'acheteur sera automatiquement mis en demeure et sera tenu de payer des intérêts au taux et dans les délais établis par le décret de loi 231/2002 régissant les retards de paiement dans les transactions commerciales.
11. La venderesse n'est pas responsable des éventuels vices des produits connus ou que l'acheteur aurait pu connaître s'il n'a pas immédiatement refusé la marchandise. Les contestations ou les réclamations sur les quantités des produits doivent être signalées au moment de la livraison, au moyen d'une note écrite sur le document de transport. L'éventuel remplacement du produit ne signifie pas l'acceptation de la contestation ou de la réclamation. Le remboursement de l'acheteur sera fait uniquement après la restitution des produits défectueux et à condition qu'ait été reconnue ou autrement établie la responsabilité de la venderesse.
12. Les dessins, les modèles, les graphiques et les autres informations techniques sur les produits objet de la vente, ainsi que les échantillons, les catalogues, les photos et tout le matériel similaire demeurent toujours la propriété intellectuelle de la venderesse et ne peuvent par conséquent pas être copiés, ni transmis à des tiers, ni utilisés d'aucune autre manière.
13. Les sommes versées à titre d'arrhes de confirmation pourront être retenues par la venderesse en cas de révocation de la commande et/ou dans tout autre cas d'inexécution de l'acheteur justifiant la résiliation par la venderesse, sauf le droit de demander l'exécution du contrat et aussi sauf le droit de demander le dédommagement du dommage supérieur. Au contraire, dans le cas d'exécution par l'acheteur de ses propres obligations contractuelles, les sommes qu'il aura versées à titre d'arrhes de confirmation seront imputées au paiement du prix; celles-ci, ainsi que les éventuels acomptes, ne produiront pas d'intérêts.
14. L'éventuelle tolérance par une des parties des comportements de l'autre en violation des clauses qui régissent la vente ne constitue pas une renonciation aux droits découlant des clauses violées ni au droit d'exiger l'exécution exacte de tous les termes et conditions prévus par le contrat de vente.
15. La venderesse garde la propriété des produits livrés jusqu'au paiement total du prix indiqué dans la facture. Jusqu'à cette date, les produits livrés sont considérés comme seulement déposés chez l'acheteur. Ce dernier prend donc en charge le risque des dommages que les produits déposés pourraient subir qu'ils soient imputables à n'importe quelle cause.
16. L'acheteur est invité à faire particulièrement attention au fait que tous les produits indiqués dans le présent catalogue des prix ne sont pas nécessairement compatibles avec les marchés américain ou canadien. Par conséquent, si l'acheteur a l'intention d'utiliser ou d'exporter les dits produits aux États-Unis et, dans tous les cas, dans n'importe quel autre pays extra UE, il doit préalablement contacter le bureau commercial de la venderesse pour avoir la confirmation que le produit concerné remplit toutes les exigences techniques et est conforme aux standards légaux prévus pour la protection des consommateurs finaux du marché de destination. La venderesse décline toute responsabilité pour des initiatives prises par l'acheteur dont elle n'a pas été préalablement informée et indépendamment de l'éventuelle autorisation écrite de la venderesse pour l'exportation et ou l'emploi du produit dans un pays extra UE.
17. L'acheteur est tenu d'informer ses propres clients et/ou les utilisateurs finaux des caractéristiques du produit afin de réduire au minimum le risque d'emploi impropre qui pourrait exposer la venderesse à d'éventuelles demandes de dédommagement. À défaut de cette activité d'information préventive, l'acheteur exonère expressément la venderesse de toute hypothétique responsabilité.
18. Le vendeur garantit la conformité des produits avec les spécifications indiquées dans la confirmation de la commande, sous réserve des tolérances considérées acceptables pour la production industrielle.
19. Le vendeur ne garantit pas que les produits sont appropriés pour des occasions particulières et/ou des usages spéciaux, sous réserve de demande spécifique de l'acheteur expressément acceptée par écrit par le vendeur et indiquée dans la confirmation de la commande; l'acheteur doit s'assurer que les normes spécifiques éventuelles et/ou les conditions légales exigées soient spécifiées dans la confirmation de la commande de la part du vendeur.
20. Les informations du vendeur sur la pertinence spécifique des produits sont purement indicatives.
21. Toute activité d'assistance et/ou calcul effectuée par le vendeur sur les produits est à considérer comme purement indicative et non contraignante en s'agissant d'un simple conseil sur le positionnement des produits, chaque donnée doit être dument vérifiée par l'acheteur; il est évident qu'en s'agissant de simples suggestions non contraignantes, le vendeur n'assume aucune responsabilité quant aux résultats de ces activités.
22. Etant donné que les utilisations des produits faites par l'acheteur sont en dehors du contrôle du vendeur, ce dernier n'est pas responsable pour l'utilisation effective des produits; le vendeur n'est pas responsable pour d'éventuels dommages et/ou pertes dus à l'utilisation non correcte ou inhabituelle des produits.
23. Compte tenu de la spécificité des produits Snowsound-Fiber, même si le vendeur s'efforce à garder des niveaux de qualité élevé, ont considère comme acceptable trois défauts tous les 25 mètres pour des hauteurs du rouleau jusqu'à 150 cm et le double de défauts pour des rouleaux avec une hauteur supérieure à 280 cm; le vendeur se réserve toujours la faculté d'offrir pour chaque défaut constaté une quantité de matériel estimée apte à compenser les défauts constatés. Nous n'acceptons pas de reprise pour des produits et/ou des pièces coupés sur mesure.
24. L'annulation d'une commande de la part de l'acheteur n'est autorisée qu'en des cas exceptionnels et avec l'accord écrit préalable du vendeur.
25. En cas de commandes de produits et/ou couleurs hors norme l'acheteur est tenu à acheter toute la production effectuée expressément pour lui.
26. Sauf convention contraire et sauf en cas de fraude, la responsabilité du vendeur pour les produits vendus est limitée à un montant égal au triple de la valeur de la confirmation de la commande, même en cas de faute grave.
27. Toutes les controverse qui devraient surgir relatives à la vente, à ses actes de modification et d'exécution, y compris celles concernant la validité, l'efficacité, l'interprétation, l'exécution et la résiliation du contrat, seront du ressort exclusif du Tribunal de Milan.
28. De toute manière, avant de procéder à l'achat des produits, il faut consulter les conditions de vente, les caractéristiques techniques et les autres suivantes:

MISES EN GARDE

- avant de procéder à l'installation des produits, il faut vérifier la portée maximum des murs/ sol/surfaces sur lesquelles les produits seront placés en s'assurant qu'ils soient adaptés au type d'usage et/ou d'utilisation auquel ils sont destinés;
- les produits ne doivent pas être utilisés par les enfants;
- les produits ne doivent pas être utilisés à l'extérieur des bâtiments;
- les produits appliqués aux murs/ sol/surfaces comportent l'installation avec des dispositifs d'ancrage qui ne sont pas montrés dans les illustrations du catalogue;
- les produits doivent être montés et/ou installés exclusivement par du personnel technique compétent en utilisant des instruments et outils prévus à cet effet;
- avant de procéder au montage et à l'installation des produits, il faut lire attentivement les instructions jointes aux produits, en faisant particulièrement attention tant aux instructions qu'aux dessins explicatifs; si les instructions ne sont pas jointes, contacter le bureau technique de la venderesse;
- pour fixer les produits aux murs/sol/surfaces, il faut utiliser des dispositifs de fixation adéquats et en mesure de résister aux forces générées; dans tous les cas il est nécessaire d'utiliser des éléments de soutien adéquats à supporter chaque structure en particulier;
- en cas d'installation non correcte et/ou en cas de dépassement des charges maximales indiquées dans le présent catalogue des prix et/ou dans les instructions jointes à chaque produit, une situation de danger pourrait se créer, les produits pourraient s'effondrer, céder, tomber et causer des dommages aux choses et/ou aux personnes: jamais dépasser les charges indiquées;
- en cas de doutes sur les modes d'installation et/ou sur le maximum de portée des murs/ sol/surface sur lesquels sera placé le produit, ne pas procéder à l'installation;
- s'en tenir aux instructions et aux compositions indiquées dans le présent catalogue des prix; pour des compositions différentes et/ou pour toute information supplémentaire sur les produits ou sur les modes d'installation de ceux-ci, contacter le bureau technique de la venderesse;
- légères différences de couleur entre un lot et l'autre doivent être considérées comme étant normales si dans le limite des tolérances jugées acceptables pour la production industriel;
- le text de référence est seulement celui en italien, les traductions ont le seul but de simplifier la lecture.

CONDICIONES DE VENTA

1. Esta lista de precios anula y sustituye las anteriores y no es una oferta.
2. El vendedor puede cambiar los precios de los productos en cualquier momento sin previo aviso; ninguno de los precios incluye el montaje.
3. El vendedor se reserva el derecho de modificar, a su entera discreción y sin previo aviso, los materiales de construcción, las características técnicas y estéticas así como también las dimensiones de los productos.
4. Las imágenes de los productos son meramente ilustrativas.
5. La venta se rige no sólo por las condiciones especiales acordadas caso por caso, sino también por las presentes condiciones generales, que el comprador ha de conocer; posibles cláusulas de exención a lo dispuesto en las presentes condiciones generales de venta deben figurar por escrito.
6. Las propuestas de compra y/o pedidos del comprador dependen de la aceptación o del inicio del contrato por parte del vendedor, en los casos en que esto esté permitido. Cualquier modificación posterior al contrato de venta no será válida ni vinculante si no figura en un contrato escrito, firmado por la parte en relación a la cual se pide dicha modificación.
7. En conformidad con el artículo 1510 del Código Civil, la entrega de los bienes vendidos se considera a partir de la remisión de los mismos al transportista o al agente de transporte, es decir que los bienes viajan a riesgo y peligro del comprador; esto vale también en los casos en los cuales la mercancía haya sido vendida con el transporte pagado hasta la sede del comprador. Cualquier posible petición, queja y/o acción relacionada con el envío o transporte de mercancías deberá ser efectuada por el comprador directamente contra el transportista o agente de transportes. Cualquier posible daño, pérdida o rotura de los bienes vendidos debidos a la expedición o al transporte de los mismos no exime al comprador de pagar el precio convenido.
8. El plazo de entrega es indicativo y no perentorio; el mismo podrá retrasarse sin ninguna obligación de indemnización ni compensación de los daños directos o indirectos sufridos por el comprador por la entrega tardía y sin que esto pueda llevar a la terminación del contrato de venta por incumplimiento del vendedor.
9. Excepto en los casos de fuerza mayor, en caso de huelgas y en los demás casos que impidan temporalmente al vendedor cumplir normalmente con el contrato de venta, el vendedor tendrá el derecho de rescindir el contrato, sin que el comprador pueda presentar ninguna reclamación por daños y perjuicios, salvo en el caso de cancelación, la devolución de lo pagado por adelantado.
10. El pago del precio de venta de los productos debe llevarse a cabo en las instalaciones del vendedor. En caso de demora en el pago, el comprador estará automáticamente en mora y deberá pagar intereses en la medida y con la fecha establecida por el Decreto Legislativo. 231/2002 de la morosidad en las transacciones comerciales
11. El vendedor no se hace responsable por posibles defectos de los productos identificados o identificables por parte del comprador, que no haya rechazado inmediatamente. Cualquier disputa o queja sobre las cantidades de productos deben ser indicadas en el momento de la entrega, con la anotación en el documento de transporte correspondiente. La posible sustitución del producto no implica la aceptación de la objeción o queja. El pago al comprador se realizará sólo una vez efectuada la devolución de los productos defectuosos y siempre que se haya reconocido o comprobado la responsabilidad del vendedor.
12. Los dibujos, modelos, diagramas y otra información técnica de los productos vendidos, así como las muestras, catálogos, fotografías y otros materiales similares, siguen siendo de propiedad intelectual del vendedor y no pueden ser copiados ni transmitidos a otras personas ni utilizarse de otro modo.
13. Las sumas abonadas en concepto de señal confirmatoria podrán ser retenidas por el vendedor en caso de revocación del pedido y/o ante cualquier otro caso de incumplimiento por parte del comprador que justifique la retirada del vendedor, salvo el derecho a exigir el cumplimiento del contrato y también el derecho a reclamar indemnización por daños y perjuicios adicionales. Por el contrario, en el caso de cumplimiento por parte del comprador de sus obligaciones contractuales, las cantidades pagadas en concepto de señal confirmatoria serán consideradas con el pago del precio; las mismas, así como también los pagos iniciales, serán de todos modos sin intereses.
14. Cualquier tolerancia de una de las partes a conductas iniciadas en violación de las disposiciones que rigen la venta no constituirá una renuncia a derechos que se deriven de las disposiciones violadas o el derecho a exigir el estricto cumplimiento de todos los términos y condiciones establecidos en contrato de venta.
15. El vendedor conserva la propiedad de los bienes entregados hasta el pago total del precio indicado en la factura. Hasta esa fecha, los productos entregados han de considerarse sólo como bienes depositados en la sede del comprador. Por lo tanto, este último se asume el riesgo por los daños que los mismos puedan sufrir debidos a cualquier causa.
16. El comprador ha de prestar especial atención al hecho de que no todos los productos que figuran en este catálogo son compatibles con el mercado de los EE.UU. o de Canadá. Por lo tanto, si el comprador tiene la intención de utilizar o exportar dichos productos en los Estados Unidos de América y/o, de todos modos, en cualquier otro país fuera de la UE, debe antes y imperativamente ponerse en contacto con la oficina de ventas del vendedor para confirmar que el producto en cuestión cumpla con todos los requisitos técnicos y las normas establecidas en la legislación para proteger a los consumidores en el mercado de destino. El vendedor no se asume ninguna responsabilidad con respecto a las iniciativas adoptadas por el comprador, sin haber sido informado previamente y independientemente de la posible autorización por escrito por parte del vendedor a la exportación y/o uso del producto en un país fuera de la UE.
17. El comprador está obligado a informar a sus clientes y/o usuarios finales de las características del producto para reducir al mínimo el riesgo de mal uso que podría exponer al vendedor a posibles motivos de daño. En ausencia de dicha actividad de información preventiva, el comprador libera expresamente al vendedor de cualquier responsabilidad hipotética.
18. El vendedor garantiza la conformidad de los productos a las especificaciones mencionadas en la confirmación del pedido, excepto las tolerancias que se consideren aceptables para la producción industrial.
19. El vendedor no garantiza la idoneidad de los productos para fines especiales y/o usos específicos, a menos que el comprador no la haya pedido de forma específica y que el vendedor la haya aceptado expresamente por escrito constanding en la correspondiente confirmación del pedido; el comprador debe comprobar que las posibles normas específicas y/o requisitos legales exigidos consten en la correspondiente confirmación del pedido del vendedor
20. La información que facilita el vendedor con respecto a la idoneidad específica de los productos es meramente indicativa.
21. . De haber una actividad de asesoramiento y/o cálculo realizada por el vendedor sobre los productos, se la deberá considerar solamente indicativa y no vinculante siendo una mera sugerencia sobre el posicionamiento general de los productos, en cualquier caso le incumbirá al comprador controlar detalladamente cada uno de los datos propuestos; es evidente que el vendedor por tratarse de meras sugerencias no vinculantes, no asume responsabilidad alguna con respecto a los resultados de dicha actividad.
22. Puesto que el vendedor no puede controlar cómo el comprador emplea el producto, el vendedor no se hace responsable por el uso concreto de los productos; el vendedor no se hace responsable por los posibles daños y/o perjuicios debidos al uso incorrecto o extraño de los productos.
23. Habida cuenta de la especificidad de los productos Snowsound-Fiber, si bien el vendedor hace todo lo que está en su poder por mantener elevados niveles de calidad, considera aceptables tres defectos cada 25 metros de rollo alto hasta 150 cm y el doble de defectos por rollo alto más de 280 cm; sin embargo, el vendedor se reserva la facultad de descontar por cada defecto detectado una cantidad de material que considere adecuada a compensar los defectos comprobados. No se aceptan devoluciones de productos y/o tejidos cortados a medida.
24. El comprador podrá cancelar un pedido sólo en casos excepcionales y previo consentimiento expreso por escrito por parte del vendedor.
25. En el caso de pedidos de productos y/o colores no estándar, el comprador deberá comprar toda la producción realizada específicamente.
26. Salvo acuerdo contrario y salvo el caso de dolo, la responsabilidad del vendedor por los productos vendidos se limita a un importe igual a tres veces el valor de la confirmación del pedido, también si hubiera culpa grave.
27. Todas las controversias que pudiesen surgir en relación con la venta, documentos modificativos y ejecutivos, incluidas las relativas a la validez, eficacia, interpretación, ejecución y terminación del contrato, serán resueltas exclusivamente por el Tribunal competente de Milán.
28. De todos modos, antes de comprar los productos es necesario leer las condiciones de venta, las especificaciones técnicas y además las siguientes:

ADVERTENCIAS

- antes de instalar los productos es necesario controlar las características de la pared/piso/superficie en donde se colocarán dichos productos, asegurándose que sean adecuados al tipo de usuario y/o de uso final;
- los productos no son adecuados para ser utilizados por niños;
- los productos no son adecuados para ser utilizados al aire libre;
- los productos aplicados a la pared/piso/superficie prevén el uso de dispositivos de anclaje que no están ilustrados en el catálogo;
- los productos deben ser montados y/o instalados exclusivamente por personal técnico cualificado utilizando los instrumentos y las herramientas específicas para dicho fin;
- antes de montar y instalar los productos es necesario leer atentamente las instrucciones adjuntas a los productos, prestando especial atención tanto a las advertencias como a los diseños de explicación; si faltan las instrucciones, póngase en contacto con la oficina técnica del vendedor;
- para fijar los productos a la pared/piso/superficies es necesario utilizar los dispositivos de sujeción adecuados capaces de resistir a las fuerzas generadas; se debe de todas formas utilizar elementos de soporte capaces de sostener cada una de las estructuras;
- en caso de montaje incorrecto y/o en caso de un exceso de las cargas máximas especificadas en la presente lista y/o en las instrucciones adjuntas a cada producto, se podría crear una situación de peligro, los productos podrían colapsar, ceder, caer y causar daños a cosas y/o personas; no exceder nunca las cargas indicadas;
- en caso de dudas acerca de cómo efectuar la instalación y/o de las características de la pared /piso/superficie sobre el cual será montado el producto, no lleve a cabo la instalación;
- siga las instrucciones y elija las combinaciones que figuran en esta lista; para combinaciones diferentes y/o otras informaciones sobre los productos o sobre el modo de instalación de los mismos, póngase en contacto con la oficina técnica del vendedor.
- Ligeras diferencias de color entre un lote y otro deben considerarse normales de cumplirse las tolerancias que se consideren aceptables para la producción industrial;
- El texto auténtico es exclusivamente lo en idioma italiano, las traducciones tienen el único propósito de simplificar la lectura.

ALLGEMEINE VERKAUFSBEDINGUNGEN

1. Die vorliegende Preisliste hebt alle vorausgegangenen Listen auf, ersetzt sie und stellt kein Angebot dar.
2. Die Preise der Produkte können vom Verkäufer jederzeit ohne entsprechende Benachrichtigung geändert werden; keiner der Preise enthält die Montagekosten.
3. Der Verkäufer behält sich das Recht vor, nach seinem eigenen, unanfechtbaren Urteil und ohne entsprechende Benachrichtigung, Materialbeschaffenheit, technische Eigenschaften und Aussehen sowie die jeweiligen Abmessungen der Produkte zu ändern.
4. Die Produktbilder haben reinen Beispielcharakter.
5. Abgesehen von fallweise ausgehandelten Sonderkonditionen wird der Verkauf von den vorliegenden allgemeinen Bedingungen geregelt, von denen vorausgesetzt wird, dass der Käufer sie kennt; eventuell von den in den vorliegenden allgemeinen Verkaufsbedingungen abweichende Klauseln bedürfen jeweils der schriftlichen Form.
6. Die Kaufanbote und/oder Aufträge des Käufers bedürfen zuvor der ausdrücklichen Annahme bzw. in Fällen, in denen dies gestattet ist, des Beginns der Vertragserfüllung seitens des Verkäufers. Jegliche nachträgliche Änderung des Kaufvertrages ist nicht gültig und bindend, sofern nicht entsprechende schriftliche und jeweils von der Partei, die diese Änderung annehmen soll, unterzeichnete Unterlagen vorliegen.
7. Gemäß Art. 1510 Italienisches Bürgerliches Gesetzbuch (Codice Civile) findet die Lieferung der verkauften Waren bei deren Abgabe an den Transportunternehmer bzw. den Spediteur statt, so dass die Waren auf Risiko und Gefahr des Empfängers reisen; dies gilt auch in den Fällen, in denen die Ware frei Haus verkauft wird. Jeglicher Anspruch, Reklamation und/oder Klage betreffend die Lieferung oder den Transport der Waren muss vom Kunden direkt an den Transportunternehmer oder Spediteur gerichtet werden. Jeder eventuelle Schaden, Verlust oder Defekt der verkauften Waren, der durch den Versand bzw. Transport verursacht wurde, befreit den Käufer nicht von der Pflicht, den vereinbarten Kaufpreis zu zahlen.
8. Der Liefertermin gilt als ungefähre Angabe und ist nicht bindend; er kann sich verzögern, ohne dass eine Ersatz- oder Entschädigungspflicht für eventuelle direkte oder indirekte, vom Käufer infolge der verspäteten Lieferung erlittenen Schäden besteht und ohne dass dies zur Auflösung des Verkaufsvertrags aufgrund von Nichterfüllung des Verkäufers berechtigt.
9. Mit Ausnahme von Fällen höherer Gewalt, bei Streiks oder in allen anderen Fällen, durch die der Verkäufer vorübergehend außerstande ist, den Verkaufsvertrag ordnungsgemäß zu erfüllen, hat der Verkäufer das Recht, vom Vertrag zurückzutreten, ohne dass der Käufer berechtigt ist, eventuelle Schadensersatzansprüche zu stellen, mit Ausnahme der Rückzahlung einer allfälligen Anzahlung im Falle eines Rücktritts.
10. Die Zahlung des Verkaufspreises der Produkte hat direkt an den Sitz des Verkäufers zu erfolgen. Bei verspäteter Zahlung befindet sich der Käufer automatisch in Verzug und ist verpflichtet, Zinsen in dem von der Gesetzesverordnung 231/2002 über Zahlungsverzögerungen bei Handelsgeschäften festgelegten Umfang sowie mit den entsprechenden Fristen zu zahlen.
11. Der Verkäufer haftet nicht für eventuelle dem Käufer bekannte oder erkennbare Mängel, wenn dieser die Ware nicht umgehend zurückgewiesen hat. Beanstandungen oder Reklamationen in Bezug auf Produktmengen müssen jeweils bei Auslieferung gemeldet und auf den entsprechenden Transportunterlagen vermerkt werden. Der eventuelle Ersatz des Produkts ist dabei nicht gleichbedeutend mit einer Akzeptanz der Beanstandung oder Reklamation. Die entsprechende Gutschrift für den Verkäufer erfolgt erst nach Rückgabe der mangelhaften Produkte und unter der Voraussetzung, dass die Verantwortung des Käufers anerkannt oder anderweitig festgestellt wurde.
12. Die Zeichnungen, Modelle, Darstellungen und anderen technischen Informationen über die Produkte, die den Gegenstand des Verkaufs bilden, ebenso wie die Muster, Kataloge, Photos und ähnlichen Materialien bleiben immer geistiges Eigentum des Verkäufers und dürfen daher weder kopiert, noch anderen überlassen oder in irgendeiner anderen Form genutzt werden.
13. Die als Anzahlung zur Bestätigung entrichteten Beträge können vom Verkäufer bei Annullierung des Auftrags und/oder in jedem anderen Fall einer Nichterfüllung seitens des Käufers einbehalten werden, die den Rücktritt des Verkäufers rechtfertigt, vorbehaltlich des Rechts, die Erfüllung des Vertrags zu verlangen und ebenso vorbehaltlich des Rechts, die Entschädigung eines darüber hinausgehenden Schadens zu verlangen. Umgekehrt werden im Fall der Erfüllung der Vertragsverpflichtungen seitens des Käufers die von diesem als Anzahlung zur Bestätigung entrichteten Beträge auf den Kaufpreis angerechnet; diese Beträge gelten auf jeden Fall, ebenso wie alle anderen Vorauszahlungen, als unverzinslich.
14. Die eventuelle Hinnahme einer der Parteien von Verhaltensweisen der anderen Vertragspartei, durch die die Verkaufsbedingungen verletzt werden, stellt keinen Verzicht auf sich aus verletzten Klauseln ergebende Rechte dar, noch auf das Recht, die korrekte Erfüllung aller Fristen und Bedingungen zu verlangen, die vom Kaufvertrag vorgesehen sind.
15. Der Verkäufer behält das Eigentumsrecht an den gelieferten Produkten bis zur vollständigen Zahlung des jeweils in der Rechnung angegebenen Preises. Bis zu diesem Datum gelten die gelieferten Produkte nur als beim Verkäufer hinterlegt. Dieser letztere übernimmt daher auch das Risiko für Schäden, die an den hinterlegten Produkten aus irgendeinem Grund entstehen könnten.
16. Der Käufer wird aufgefordert, besondere Aufmerksamkeit darauf zu verwenden, dass nicht alle in dieser Preisliste angegebenen Produkte mit dem amerikanischen oder kanadischen Markt vereinbar sind. Daher ist der Käufer, falls er vorhat die genannten Produkte in die USA und/oder in irgendein Nicht-EU-Land zu exportieren, verpflichtet, sich jeweils vorher an die Handelsabteilung des Verkäufers zu wenden, um die Bestätigung zu erhalten, dass das betreffende Produkt allen technischen Erfordernissen und den gesetzlichen Vorschriften entspricht, die zum Schutz des Endverbrauchers in dem jeweiligen Bestimmungsmarkt vorgesehen sind. Der Verkäufer übernimmt dabei keine Verantwortung für vom Käufer ergriffene Initiativen, wenn er nicht vorher darüber in Kenntnis gesetzt worden ist und unabhängig von der eventuellen schriftlichen Genehmigung des Verkäufers zum Export und/oder zur Verwendung des Produkts in einem Nicht-EU-Land.
17. Der Käufer ist verpflichtet, seine Kunden und/oder Endverbraucher über die Eigenschaften des Produkts in Kenntnis zu setzen, um die Gefahr von deren missbräuchlichen Verwendung, die den Verkäufer möglichen Schadensansprüchen aussetzen könnte, auf ein Mindestmaß zu reduzieren. In Ermangelung dieser vorherigen Informationstätigkeit befreit der Käufer den Verkäufer ausdrücklich von jeder möglichen Verantwortung.
18. Die verkaufende Gesellschaft garantiert, dass die Produkte die in der Bestellbestätigung enthaltenen technischen Spezifikationen einhalten, unbeschadet der von der industriellen Fertigung als akzeptabel angesehenen Abweichungen.
19. Die verkaufende Gesellschaft garantiert nicht die Eignung der Produkte zu spezifischen oder Sonderzwecken oder besonderen Verwendungen, außer in dem Fall, wo eine entsprechende Anfrage seitens des Käufers ausdrücklich schriftlich vom verkaufenden Gesellschaft bestätigt wurde, und dies auf der Bestellbestätigung erwähnt wird. Der Käufer muss sicherstellen, dass eventuell erforderliche spezifische Standards und/oder rechtliche Anforderungen in der entsprechenden Bestellbestätigung seitens der verkaufenden Gesellschaft ausdrücklich enthalten sind.
20. Die von der verkaufenden Gesellschaft gelieferten Informationen zur spezifischen Eignung von Produkten haben reinen Beispielwert.
21. Eventuell von der verkaufenden Gesellschaft geleistete Hilfs- und/oder Berechnungsdienste müssen als reine Orientierungshilfe und als unverbindlich bewertet werden, denn sie liefern eine bloße allgemeine Empfehlung zur Positionierung der Produkte und müssen jedenfalls vom Käufer vollständig geprüft werden; selbstverständlich übernimmt die verkaufende Gesellschaft, da es sich um bloße unverbindliche Empfehlungen handelt, keine Haftung für eventuell aus der inkorrekten oder ungewohnten Anwendung der Produkte entstehende Schäden und/oder Verluste.
22. Da die Anwendung der Produkte seitens des Käufers nicht im Kontrollbereich der verkaufenden Gesellschaft liegen, ist letztere für die tatsächliche Anwendung der Produkte nicht verantwortlich; die verkaufende Gesellschaft übernimmt keine Haftung für eventuell aus der inkorrekten oder ungewohnten Anwendung der Produkte entstehende Schäden und/oder Verluste.
23. Angesichts der Besonderheit von Snowsound-Fiber-Produkten, und obwohl die verkaufende Gesellschaft um die Einhaltung von hohen Qualitätsstandards bestrebt ist, sind bei einer Rollenhöhe von 150cm 3 Fehler alle 25 Meter und bei einer Rollenhöhe über 280 cm das Doppelte als annehmbar anzusehen. Die verkaufende Gesellschaft behält sich jedenfalls das Recht vor, für jeden festgestellten Fehler eine zur Kompensation der festgestellten Fehlerhaftigkeit geeignete Quantität an Material herabzusetzen. Die Rückgabe von zugeschnittenen Produkten und/oder Produktteilen wird nicht akzeptiert.
24. Der Widerruf einer Bestellung seitens des Käufers ist nur in Ausnahmefällen und nach schriftlicher Zustimmung der verkaufenden Gesellschaft zulässig.
25. Im Falle der Bestellung von vom Standard abweichenden Produkten und/oder Farben ist der Käufer dazu angehalten, die gesamte eigens dazu hergestellte Produktmenge anzukaufen.
26. Wenn nicht anders abgemacht und unbeschadet des Falls der vorsätzlichen Täuschung, beschränkt sich die Haftung der verkaufenden Gesellschaft für die verkauften Produkte auf einen sich auf das Dreifache des Bestellbestätigungs-Werts belaufenden Betrag, selbst im Falle der schweren Schuld.
27. Sämtliche Streitfragen, die sich im Zusammenhang mit dem Verkauf, sowie sämtlichen Änderungen, einschließlich derer in Bezug auf die Gültigkeit, Wirksamkeit, Auslegung, Durchführung und Auflösung des Vertrags ergeben können, unterliegen der ausschließlichen Zuständigkeit des Gerichtsstands von Mailand (Italien).

28. Auf jeden Fall müssen vor Kauf der Produkte jeweils die Verkaufsbedingungen, die technischen Eigenschaften sowie folgende weitere:

HINWEISE

berücksichtigt werden:

- Vor der Installation der Produkte muss die Tragfähigkeit der Wand/des Bodens/der Fläche überprüft werden, an der/auf dem die Produkte angebracht werden sollen, wobei kontrolliert werden muss, ob sie der Art der Benutzer/Verwendung entsprechen, für die sie vorgesehen sind.
- Die Produkte sind nicht für Kinder geeignet.
- Die Produkte sind nicht für die Verwendung im Außenbereich geeignet.
- Die an der Wand/am Boden/ der Fläche montierten Produkte sehen eine Installation mit Verankerungsvorrichtungen vor, die nicht in den Abbildungen des Katalogs gezeigt werden.
- Die Produkte dürfen ausschließlich durch technisches Fachpersonal montiert und/oder installiert werden, wobei jeweils entsprechend geeignete Geräte und Ausrüstung verwendet werden müssen.
- Vor der Montage und Installation der Produkte muss die den Produkten beiliegende Gebrauchsanweisung aufmerksam durchgelesen werden, wobei besonders die Hinweise und die entsprechenden erklärenden Zeichnungen beachtet werden müssen; sollte die Gebrauchsanweisung nicht beiliegen, wenden Sie sich bitte an die technische Abteilung des Verkäufers.
- Um die Produkte an Wand/Boden/Oberflächen zu befestigen, müssen geeignete Beschläge verwendet werden, die in der Lage sind, die auf diese Weise erzeugten Kräfte auszuhalten; auf jeden Fall müssen passende Halterungen verwendet werden, die jedes einzelne Element tragen können.
- Bei nicht vorschriftsmäßiger Installation und/oder im Fall der Überschreitung der in der vorliegenden Preisliste und/oder den jedem einzelnen Produkt beiliegenden Gebrauchsanweisungen angegebenen Höchstlasten könnten sich Gefahrensituationen ergeben, die Produkte könnten kollabieren, nachgeben, herunterfallen und Sach- und/oder Personenschäden verursachen: die angegebenen Lasten daher nie überschreiten.
- Bei Zweifeln in Bezug auf die Art der Installation und/oder die jeweilige Tragfähigkeit der Wand/des Bodens/der Fläche, an der/auf dem das Produkt angebracht werden soll ist, nicht mit der Installation beginnen.
- Halten Sie sich an die in der vorliegenden Preisliste enthaltenen Anweisungen und Zusammenstellungen halten; bei anderweitigen Zusammenstellungen und/oder für nähere Informationen über die Produkte und die Art ihrer Installation wenden Sie sich bitte an die technische Abteilung des Verkäufers.
- Leichte Farbunterschiede zwischen zwei Partien sind unter Wahrung der für Industrieproduktion als zulässig betrachteten Abweichungen als normal zu anzusehen.- Es ist ausschließlich der italienische Text verbindlich, die Übersetzungen dienen lediglich der vereinfachten Lesbarkeit.

Caimi Brevetti S.p.A. si riserva, a proprio insindacabile giudizio, la facoltà di modificare senza preavviso i materiali costruttivi, le caratteristiche tecniche ed estetiche, nonché le dimensioni degli elementi illustrati nel presente listino le cui immagini e colori sono puramente indicativi.

Caimi Brevetti S.p.A. reserves, by its unappealable judgment, the right to modify without prior notice the building materials, the technical and aesthetic specifications, as well as the dimensions of the products in this price list, where pictures and Colors are purely as an indication.

Caimi Brevetti S.p.A. se réserve, à son jugement sans appel, la faculté de modifier sans aucun préavis les matériaux de construction, les caractéristiques techniques et esthétiques ainsi que les dimensions des éléments illustrés dans ce tarif, dont les images et couleurs sont seulement indicatifs.

Caimi Brevetti S.p.A. se reserva, a su indiscutible juicio, el derecho a modificar sin previo aviso los materiales de construcción, las características técnicas y estéticas, así como las medidas de los productos del presente lista de precios, donde las imágenes y los colores son meramente indicativos.

Caimi Brevetti S.p.A. behält sich das Recht vor, ihrer unkontrollierbaren Meinung nach, verwendete Materialien, technische und ästhetische Änderungen sowie die Abmessungen der in dieser Preisliste abgebildeten Produkte ohne vorherige Ankündigung zu ändern. Die gezeigten Fotos und deren Farben dienen ausschliesslich zur ungefähren Information.
